## Emergency Preparations To Be Studied By City Council

**FOOTHILL FOLKS CARE** — Here Hugh Warden (right) Sierra Madre's volunteer public information chairman joins with Randolph J. Kroenert, United Crusade campaign chairman for Foothill's "Big Ten" communities, in announcing the 1969-70 area goal. Beneficiaries will be the recipients of the 256 services of United Way and the American Red Cross joined in this annual fund-raising campaign.

### Sierra Madrean Now Sophomore At AF Academy

**ROBERT W. DIETRICH**  
... 2nd Year

Cadet Robert W. Dietrich, son of Mr. and Mrs. H. L. Dietrich Jr., 165 N. Canon Ave., Sierra Madre, Calif., is one of more than 960 cadets who have entered their sophomore year at the U.S. Air Force Academy.

During the past summer, the cadet and other members of the class of '72 completed an intensive six-week training program at the Academy and armed forces installations across the country.

The cadets were trained in survival techniques and base defense tactics in the rugged Rampart Range area near the Academy. They all completed a combat course in infantry weapons at nearby Ft. Carson, Colo.

The final three weeks of training was conducted at several bases where the cadets got a first hand look at operational Air Force units and aircraft. This included orientation flights in various types of aircraft.

Cadet Dietrich will be commissioned a second lieutenant and awarded a B.S. degree upon graduation from the Academy.

He is a 1968 graduate of Pasadena High School where he lettered in football.

### Full Days Program From 10 A.M.

## Community Center To Be Dedicated Sat. Sept. 27

By Judy Redman

The new community center in Sierra Madre will have its dedication ceremony on Saturday, Sept. 27, 1969, at 10:00 a.m. Five hundred invitations have been sent out for the ribbon cutting signifying the opening of the new facility located in Sierra Vista Park. An all day celebration has been planned featuring an open house from 11:00 a.m. to 5:00 p.m. and a community dance from 8:00 p.m. to 12:00 midnight, so that all citizens may acquaint themselves with the 7,500 square foot building.

Sierra Madreans have volunteered their services in

order to provide continuous entertainment. Guitar and folk-singing will be performed by Alvina Katzen and Mary Alice Colvin and Chris Howard who are both affiliated with the Sierra Madre Creative Arts Group. The Bruce Hyde quartet will play chamber music and the Sierra Madre Concert Band will be performing from 3:30 to 5:00. Talented Marta Feldthouse will demonstrate Arabic dancing and a ballet recital by the students of Suzanne de Tru'an and Jav De Gae's School of Classical Ballet will offer exciting diversity. Graig Giles and Mike Zapp have organized a boy-girl combination tumbling exhibition. The Sierra Madre Studio Players will dramatize thirty minutes of skits under the direction of President Mel Thompson and director Florence Meyers, and the Wisteria Poets will give poetry reading.

Local youth groups and other organizations and clubs are having exhibits and the Teens will act as guides. Refreshments will be served throughout the day. The swimming pool will be open for free swim all afternoon.

The first All Community Dance will be held in the center from 8:00 p.m. to 12:00 midnight where dancers from the ages of 13 to 113 will jump to dixieland tunes by the Tin Lizzie Stompers led by "Duke" Dietrich, and to the sounds of a local teen rock group.

The building began construction April 17, 1969. Rob-

**4 Work Days Given For Fire Violation**

The third group of violators of the Closed Fire Area were taken before Judge Hassler, Division Two of the Municipal Court in Pasadena on Thursday, Sept. 17.

Seven in all including three girls and four boys all pleaded guilty as charged and after reviewing the case the Judge made a sentence of four days on the work crew of the United States Forest Service for the four boys and gave the girls suspended sentences.

The four days will be served on Saturday and Sunday for two week ends and will be used in digging fire lines in the wooded area of the San Gabriel mountains of the Sierra Madre Range.

All areas in and around Sierra Madre are posted as to restricted entry, when caught in the area without permits, those violators are given a citation to appear in court to answer charges. Those appearing Thursday were:

Bruce Alton Clark and Mary Virginia Clark of Hollywood; Valerie Jane Korb and Arthur Stewart Korb of Huntington Park; Kathy Parker of Pasadena, David Alfred Haas of Pasadena and Scott Steven Spring of Altadena. Two other ladies scheduled to appear in court had previously entered a plea of not guilty and asked for a trial by jury. The trial date was set for October 22 in Pasadena.

**Rehearsals For Community Band**

The Sierra Madre Community Concert Band is starting rehearsals at this time for the Fall season. Anyone who has played a band instrument in the past (high school or college) and who would enjoy playing again and meeting some pretty wonderful people, (the present members of the Band), bring your instrument with you to the Congregational Church at the corner of Sierra Madre Boulevard and Hermosa Avenue. The Band rehearses at this Church every Tuesday night from 7:30-9:30.

Come on out and get back into the music habit again. For further details call 355-7135.

## 25,000 Sand Bags To Be Ready For Emergency Use

### All Persons Will Be Kept Well Informed As To Dangerous Areas

The following is a statement from the City Administrator, Norman Boehm, relative to Emergency Preparations that the City should take in regards to the recent fire in our brush area.

The following report was accepted by the City Council, who will from this time forward, do everything in their power to keep the community apprised of what is happening and what is expected from each of them.

As members of Council are aware, the recent burn in the foothill area immediately north of the City poses a possible serious threat to the City in the form of flooding and mudslides during the upcoming rainy season. The following is a report on the proposed precautionary measures which the City is making in order to meet future emergency situations as effectively as possible and to reduce hazards and threats to life and property in the City of Sierra Madre.

The following steps are in process:

1. A helicopter fly-over of the burn area by City Councilmen and officials has been completed as of this writing for the purpose of familiarization with the area involved leading to a better understanding of what happened and what the possible consequences of the burn may be for the City.

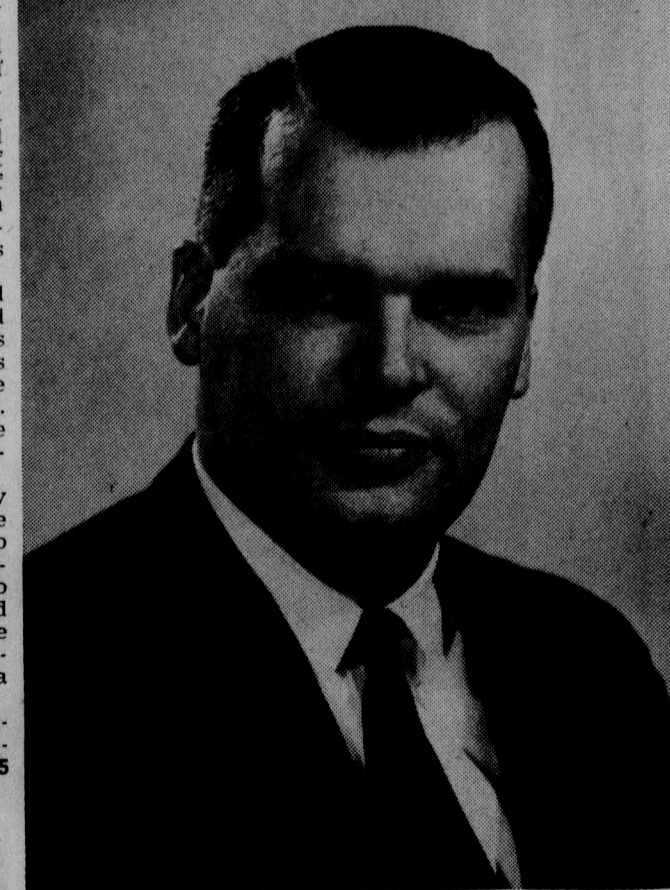

2. As of this writing, a topographical map showing the burn area is being prepared by the County Fire Department at the request of the City.
3. The map of the burn area will be forwarded to the County Flood Control District along with the request that that agency analyze the information presented and report to the City the consequences of a five, ten, twenty-five, fifty, and one hundred year storm. The resulting information should provide the City with advance knowledge of which areas will be most seriously affected and what measures may most effectively be employed to limit the hazard to life and property.

4. The Red Cross has been notified of the increased hazard and the City is securing an up-to-date call-out roster to assure immediate response in the event of an emergency.
5. The new Community Recreation Center is being designated as the primary evacuation resource should that measure become necessary. Alternate evacuation resources include schools and churches.

6. Sierra Madre public safety forces, both Police and Fire services, are aware of the potential hazard and will be briefed by their representative.

## Receives Appointment As VP With Bell & Howell

**RICHARD W. JOHN**  
... A Brand New V.P.

Richard W. John has been appointed to the position of Vice President, Administration of the Electronic Instrumentation Group of Bell & Howell. Prior to his appointment, he was Assistant Secretary of the parent Corporation. Prior to his affiliation with Bell & Howell he served in the trust department of the Continental Illinois National Bank & Trust Co. of Chicago.

Long active in civic and community affairs, John is currently President-Elect of the Pasadena Chamber of Commerce, Treasurer and Director of the California

### Library Friends Offer Jr. Program

Have you ever seen a book so small you need a magnifying glass to see it? An ancient stone tablet almost 3000 years old? Come to the Junior Friends of the Library program on Saturday, September 27, 9:30 a.m. when Mr. Muir Dawson from Dawson's Book Shop in Los Angeles will show and tell about unusual kinds of books.

All the Juniors are invited to this outstanding program, and the Friends would appreciate it if your child would join at this first meeting for only 50 cents. But all are welcome regardless of contribution. Encourage your family to share in our activities and bring the youngsters and a neighbor. Meet our Junior Friends Chairman for this year, Mrs. L. Popp (355-0114). She will be delighted to see all of you.

## WHITE CANE DAYS

President Tony Harris, of the Sierra Madre Lions Club, assisted by his White Cane chairman, Lion Paul Pitt, have completed their planned plays and are now ready for the annual kickoff of White Cane Days. The entire month of September has been set aside for this worthwhile project, with the climax occurring on the streets of Sierra Madre on Friday and Saturday, October 3 and 4.

Sierra Madre Lions Club will be one of over 800 Lions Clubs in the California-Nevada District which will be raising funds for Sight Saving Service in their respective communities. All funds raised (100 per cent) are allocated to the White Cane Fund, as no part of the fund is used for administrative fees or expenses. White Cane Fund is used for sight conservation projects only in our community.

During the past year, the Sierra Madre Lions Club was able to make eye glasses and braille books available to those in need. President Harris on behalf of the Sierra Madre Lions Club wishes to express their thanks to all of the citizens of Sierra Madre who have financially supported this project in past years.

### A Salami Tree Was the Prize

School lunches will be no problem for the Pettis family during the next six months! Carolyn and Bill came away from "Let's Make A Deal" with the greatest surprise of all — a salami tree! Interested friends in Sierra Madre may chuckle at the incident when it is broadcast Wednesday and Thursday on channel 7 (ABC), at 1:30 p.m.

Students, parents and friends of Ascension Parish School attended the program earlier this month and a more practical prize was won by Judy Brand when she produced her driver's license to "prove" she was legally married to her husband — quick thinking gained her \$120 — no pennies for that gal's thoughts! The school received a refrigerator-freezer as a gift from the program.

Saturday night at 6 p.m. the school playground will be "swinging" as the Parent's Club sponsors its annual get acquainted square dance, bean bake. Nursery care and a cartoon carnival will be provided for small fry, and Pasadena caller Tiny Van has promised everyone who can tap a toe, from moppets to grandmothers, will be able to participate. Tickets will be sold at the gate and the public is cordially invited.

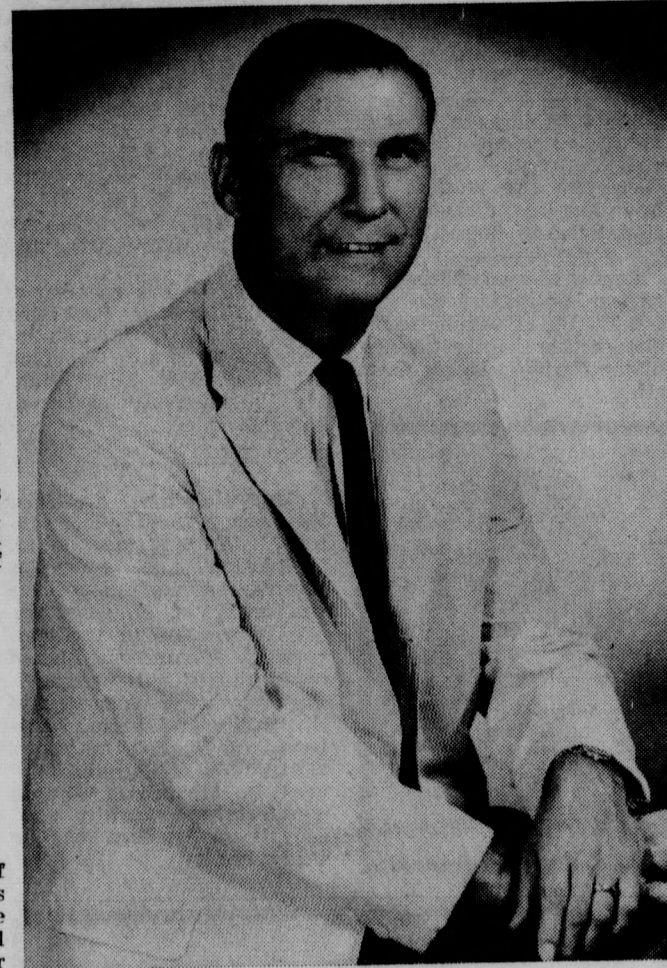

### Bridge Game As Fund Raiser

The Sierra Madre Auxiliary of the Crippled Children's Guild is inviting bridge enthusiasts to help Orthopaedic Hospital as they enjoy their game.

The auxiliary has planned its annual tournament to begin in November, with each participant donating \$1.00 per match. The proceeds will be given to Orthopaedic Hospital. Daytime flights will be scheduled for women only and evening flights for women and mixed couples. Playing times will be arranged at the convenience of each host, and the date of the final play-off will be set at the end of the flights. Matches will be held monthly except in December.

Further information can be obtained and reservations made through Mrs. William Stone, 355-9428.

## Vogue Cleaners & Laundry Celebrate 3rd Anniversary

**JACK OVERHOLT**  
... 'Ol Jack the Merchandiser

October 27 marks the third anniversary of Vogue Cleaners, at 370 West Sierra Madre Blvd., in the Wisteria Village cluster, a "home-owned institution." "Home-owned Institution" because owners Jack and Susan Overholt have lived in Sierra Madre since 1953 and would think of living no other place. It is here that they have raised their three children, Tim, John and Katy, and here that they have been active in community affairs ... Kiwanis, Chamber of Commerce, Little League, YMCA Indian Guides and PTA. And it is here that they are very happy to be engaged in living and in business.

As a thank you to his many customers, Jack Overholt has brought back the ever popular merchandising special of two garments for the price of one. This is the same special offered last year and was received with great appreciation by over 3000 customers.

This merchandising special includes any two garments of the same category that can be cleaned and pressed for the retail price of a single garment. You cannot mix garments in this

## City Wants To Borrow \$83,000

Presented to your City Council at its regular meeting of Tuesday, September 23 was the proposition to borrow, until July 1, 1970, at which time it would be repaid in full, the amount of \$83,000.

Two Resolutions were presented to the Council by City Administrator Norman Boehm, the first authorizing the borrowing of this amount and the second the authorization for the signing of the note to secure the loan.

Further in his presentation to the Council Boehm stated, "This money would improve the City's cash flow situation very much and enable the city to make certain land purchases at this time."

The land purchase, that no doubt is in mind, is the Woman's Club and grounds. The Woman's Club and grounds are currently listed at \$83,000.

According to his request the money would be repaid in full on July 1, 1970. Where it will come from for repayment has not been revealed, but interest on this amount will run as low as 5% to 6 per cent, or approximately \$5,000.

City Administrator Boehm and the Council stated that if the money was not available or funds were too low that further loans would be made after July 1, 1970, for repayment.

### Sirens To Blow Fridays, Sept. 26

Los Angeles County and Los Angeles City civil defense sirens will be sounded again in the customary last-Friday test of the warning systems at 10 a.m. tomorrow, September 26, Sheriff Peter J. Pitchess has announced.

As usual, the sirens will be sounded in the undulating tone for one minute. In the event of an actual enemy attack upon the United States, said Pitchess, the sirens would be heard for from three to five minutes in the wavering, undulating tone.

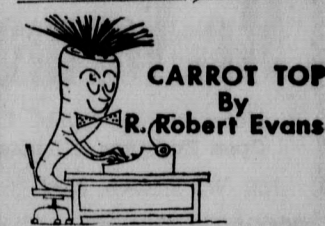

## Fire Calls No. 76 & 77

After 210½ hours your Volunteer Firefighters received their first call on Saturday at the hour of 11:06 a.m. to 711 Alta Vista Drive.

Engine 424 answered the alarm and was at the reported scene in 4 minutes and 10 seconds after the sounding of the alarm.

Smoke was reported by Johanna Horne at 621 Alta Vista as coming from a house where no one had been living. Upon investigation it was found that a fire had been built in the fireplace by a party or parties unknown and that no fire existed.

Sixteen Regular Firefighters answered the alarm and were ordered to return to the station at 11:40 a.m. Engine 423 also responded and was on standby at the mouth of the canyon at Mt. —Please turn to Page 5

**CARROT TOP**  
By R. Robert Evans

I kinda chuckled to myself the other day as I opened some mail from Washington, D. C. Seems that a Representative from Iowa, who claimed to be the watchdog of the House and its money expenditures had a very unusual report to make.

— CT —  
Seems that 12 enterprising young persons in a certain County in Maryland have figured out a way to beat the system ... each of the dozen, six male and six female, draws \$55 a week in unemployment compensation which they pool in a common fund.

— CT —  
In a four week month, this family of 12, were taking in a cool \$2,600.00. They rented a six-bedroom house complete with swimming pool and have plenty left over for luxuries.

They pay no taxes on their benefits and on an individual basis, each qualifies for food stamps and medicare benefits as well ... what ever else may be said (in) criticism of young people these days, no one can accuse them of being dumb ... stop and think about that one and it amounts to \$31,200 a year tax free plus food stamps.

— CT —  
Of course I can tell you what is wrong with this country. If you really want to know. And it won't take me more than a dozen lines to do it.

— CT —  
Practically everybody wants a job that pays a great deal more than the average man or woman is worth, and it has got to be a job that has somebody else around to do the work, and that somebody has got to take the blame when things are fouled up because the first somebody didn't do what he was hired to get done ... and that's the way I see it all.

— CT —  
You know that two hundred years ago the United States was an underdeveloped country ... yet we have put seven men on or around the moon and have transmitted live photography from close to Mars; all without "foreign aid" ... no other country can make this statement.

— CT —  
Anyway it is time to reaffirm our faith in the great American dream ... (to) replace permissiveness with discipline, fear with hope, socialism with liberty (and) once again be willing to dream, work and save ... after this we will be back on the road to recovery.

— CT —  
The other day a stranger approached a farmer in Bakersfield, produced his card and remarked, "I am a government inspector and I am entitled to inspect your farm."

— CT —  
Moments later the farmer heard screams from behind the barn. The inspector was being chased by the farmer's prize bull. Leaning over the fence as the madly running inspector drew near, the farmer cried, "Show him your card, mister, show him your card!"

— CT —  
Now in all seriousness, all of us must get behind our City Council and the City of Sierra Madre and start to think and plan for the rains that will surely come this fall and in the early spring.

— CT —  
The fire of September 10 took approximately 850 acres of Sierra Madre Wilderness Area water shed and this will mean mud debris and water will be in the

### Bowling League For Senior Adults

Another senior adult bowling league and instructional program, for men and women over the age of 55, is conducted each Monday morning at 9:45 a.m. by the Pasadena Department of Recreation, at Bahama Lanes in East Pasadena. Shoes, ball, instruction and coffee are provided without charge and league bowling at a reduced rate. Beginners and experienced bowlers are invited.

Bowlers are also needed for the established senior league at the Pasadena

Bowling Center on Friday mornings at 9:45 a.m. For additional information, call Recreation Headquarters, 793-9177.

Property damage in motor vehicle accidents last year cost the nation \$3,800,000,000, says the Greater Los Angeles Chapter, National Safety Council.

Costs of accidental injuries last year were \$13,600,000,000 according to the Greater Los Angeles Chapter of the National Safety Council.

### Civic Club Holds Membership Tea

Sierra Madre Civic Club's president, Mrs. Gerald DePalma shall welcome prospective new members at a New Members Tea on September 25. The tea will be held at the home of Mrs. Frank Alfery.

Last year Civic Club's philanthropies were Villa Esperanza, Sierra Madre Police Dept., Soccer League and Sierra Madre Parks and Recreation.

Civic Club is a member of the California's Federated Women's Clubs. Women interested in joining the club may call Mrs. Keith Manlin, membership chairman, 353-9801.

Congratulations to Miss Kathleen A. Saumur, daughter of Mr. and Mrs. Frank E. Saumur of 85 Manzanita Avenue. A student at the University of Santa Clara, she is enrolled in the University's Junior Year Abroad program and will be spending her junior year at the University of Vienna. Kathleen, an English major, is a graduate of Ramona Convent in Alhambra. What a wonderful opportunity... see, it really does pay to study hard!

### Mr. and Mrs. Robert Gobrecht Announce Daughter's Engagement

MISS JANET CLAIRE GOBRECHT  
... September Engagement Announced

Mr. and Mrs. Robert William Gobrecht of Newhaven Road, Pasadena recently entertained family members and close friends at a buffet supper in the gardens of their home to announce the engagement of their daughter, Miss Janet Claire Gobrecht, to John Edmund Orswell, son of Mr. and Mrs. Milton Orswell of Paloma Street.

Japanese Ikebana flower arrangements and lanterns in the autumn colors carried out the Oriental theme. Pre-dinner music was by a Maestro combo.

Assisting the Gobrechts as hosts were the bride-to-be's uncle and aunt, Mr. and Mrs. Ray G. Woods, Janet's grandmothers, Mrs. Carol W. Cazal and Mrs. Edwin Gobrecht and the benedict-elects grandparents, Mr. and Mrs. John B. Ickes and Mrs. Edmund D. Dunstan were also in attendance.

Miss Gobrecht is a student at PCC, where she is a member of Adelpians honorary women's service Club. Her fiancé attends USC majoring in Business Administration. He is an alumnus of PCC, where he received the Merille P. Poore award for proficiency in accounting. He also was a member of Alpha Lambda Epsilon and Junior Exec-

tives. The couple plan to be married after John graduates from USC.

With summer vacations over, the St. Rita's Guild (Sierra Madre) announces once again it is forming bridge and canasta daytime groups and a evening couples bridge marathon. The groups play monthly and provide an opportunity to meet neighbors and friends. For additional information call Mrs. Alan Leahy at 355-9783. All in the community are welcome.

### Fall Schedule Now In Effect At Busch Gardens

Starting October 1, the popular 17½-acre Busch Gardens in San Fernando Valley will be open free to the public Wednesday through Sunday, 10 a.m. to 4 p.m. The gardens are at 1600 Roscoe Boulevard, just west of San Diego Freeway in the Van Nuys area.

The traditional Fall and Winter schedule for the beautiful showplace — home of more than 2000 bright-colored birds — will be in effect until June. During summer months hundreds of thousands of visitors, young and old, enjoyed four treats, including free performances by trained birds, on an open-every-day schedule.

The birds will continue to perform in the Wednesday through Sunday schedule, it was announced. Because October 1 falls on Wednesday this year, effects of the new schedule will not be noticed until the following Monday and Tuesday, October 6 and 7.

### PCC Enrollment Shows Increase

Pasadena City College daytime enrollment as of September 15, the first day of the fall semester, was \$519 compared with \$631 in 1968; up 6 per cent, according to Dr. Irvin G. Lewis, dean of Student Personnel Services.

Evening or part-time students this year are 5092 as compared with 4263 on the same day last year.

In addition to the above credit classes, approximately 9000 adults are attending 533 non-credit classes sponsored by the PCC Office of Community Services at 64 sites throughout the district.

## Today is 1970 at your Ford Dealers!

Ford leaps into the '70s with newer, bolder, better ideas. They are ready and waiting at your Ford Dealer's now. Come in and see the look of tomorrow . . . today!

**1970 Torino.**  
All new clear through. No matter which 1970 Torino you choose, you'll be driving the most completely changed car of the year. New shape. New size. New style. New power. There are 14 models in all. And you're sure to find one that gives you the value, performance or luxury you want.

**1970 Ford.**  
Take a Quiet Break. Move into the quieter world of the sleek new Fords for 1970. Take your choice of five great V-8's and 21 different models including the elegant LTD and popular Galaxie 500. The new Ford gives you a ride so smooth and vibration-free that you have to test-drive it to believe it.

**1970 Mustang.**  
Run with Number One. No doubt about America's favorite sporty car: it's Mustang all the way! Take your choice of six different models. Three different rooflines. Nine different engines. Mustang's designed to be designed by you. Find out why Mustang's really Number One for so many drivers.

## Ford gives you Better Ideas. It's the Going Thing!

TEST-DRIVE A 1970 AT YOUR FORD DEALER'S NOW!

## You and Your Neighbor

A marvelous vacation that started August 31 and ended September 11 when they returned to the confines of the community, was spent at Lake San Antonio by John and Peggy Goodall. Younger son, Tom and his friend John Thomas, son of Marvin and Lrene Thomas, also went on this vacation trip as did Stanley, the Goodall's Siamese cat. As a matter of fact, this is Stanley's 4th camping trip and even though not quite a year old, he's getting to be an old hand at camping... and swimming, which he seems to enjoy. Our fun-in-the-sun seekers, with camper and ski boat celebrated two events while at the Lake, which is north of Paso Robles. First event was John's birthday on September 1 which was duly observed and Peggy's comments as to which birthday it is: "Over 21 — old enough to know better, but too young to resist." Then on September 7, the Goodalls had a wedding anniversary party — their 23rd — also duly observed; however, some of the other campers felt it necessary to decorate things up a bit and must have used two or three rolls of Delsey's finest, festooning garlands appropriate for the occasion. Camp guests

in the form of Sierra Madrans Dan and Jeannie Morris and their two children enroute home after a month's stay at Trinity Lake who stopped for a few days stay. It was, getting down to the nitty-gritty, a sun-filled, ski-filled, lots of loafing, type vacation. Not to change the subject... exactly... but older Goodall boy Rick is in the Army and presently stationed in Korea where he has been assigned since July 1st. The family received a letter from him on September 15 dated September 13 and as they opened it up, lo and behold, out slips a newspaper clipping from the Armed Services Newspaper "Stars and Stripes." Know what the headline was? It was: "Brush Fire Roars Near Los Angeles Area," subhead was: "500 Evacuated," and the date line was Sierra Madre, UPI.

How about that???

In 1968, says the Greater Los Angeles Chapter, National Safety Council, there were 29 times as many traffic fatalities as in 1910, because there were nearly 220 times as many cars on the highways, traveling farther and faster.

## Elementary School Menu

40c TRAY LUNCH  
Sept. 22 - 26, 1969

Monday — Macaroni and cheese, buttered peas, fruit cup, yeast biscuit and butter, and milk.  
Tuesday — Hamburger with spread, cheese slice, stewed tomatoes, chocolate pudding, and milk.  
Wednesday — Chopped steak gravy, mashed potatoes, carrot sticks, ranger cookie, peanut butter and bread, and milk.  
Thursday — Spanish rice, buttered spinach, red jello cubes, raisin batter bread and butter, and milk.  
Friday — Oven grilled fish with tartar sauce, rice, cantaloupe, bread and butter, and milk.  
Menu subject to change.

## St. Rita's Guild Membership Tea Held In Garden

The Guild of St. Rita's Parish in Sierra Madre, held their annual membership coffee on Tuesday, September 16 at the beautiful home of Mrs. Frank Halterman, 51 Foothill Blvd., Arcadia. The affair was in a lovely garden setting with tables covered in yellow and baskets of colorful flowers as centerpieces on each.

The head table was covered in white linen with colored mums as the centerpiece. Two elaborate silver coffee services adorned each end as past presidents, Mrs. Edward Grzegorzewski and Mrs. Ralph Alferi poured for the guests.

The food was prepared by the room mothers headed by Mrs. Herbert Bader, others assisting were Mrs. Karl DallaRosa, Mrs. Richard Turrietta, Mrs. Rudy Lopez, Mrs. Jules Ruggles, and Mrs. William Huber.

The hostesses for the day were organized by Mrs. Eugene Gerwe, those helping were Mrs. George Burke, Mrs. Joseph Feeney, Mrs. Donald Hardy, Mrs. Gerald Dreon, Mrs. Thomas Pedersen, and Mrs. William Guthner.

The Guild president, Mrs. Robert Behrens, gave announcements of events for the coming year and welcomed all the new members into the Guild.

For youths aged 15 to 24 years, accidents claim more lives than all other causes combined, and fear out of five accident victims in this group are males, says the Greater Los Angeles Chapter of the National Safety Council.

## Valasquez - Bruni Wedding Vows Recited In Salinas On August 24

MRS. FRANCIS A. BRUNI  
... Nee Eloise Valasquez

Miss Eloise Valasquez, daughter of Mr. and Mrs. Juan Valasquez of Sierra Madre, became the bride of Mr. Francis A. Bruni in a ceremony performed at the First Presbyterian Church, Salinas, California on August 24.

Miss Valasquez chose her sister, Mrs. Sophie Pife, of Salinas to be her matron of honor, and serving as best man was the bride's brother, Ted Valasquez of La Jolla.

Following the ceremony a reception for 15 guests was held at the home of Mr. and Mrs. Earl Pife, the bride's sister and brother-in-law. The former Miss Valasquez

was born and raised in Sierra Madre where she attended the Sierra Madre schools and Pasadena City College. She is now employed by the Security First National Bank in Los Angeles.

Mr. Bruni, originally from New York is employed at the Hughes Aircraft in El Segundo.

The couple are now making their home in Inglewood, California.

## Neighbors

Guess little James Rockwell is probably up and walking around by now... son of Ray and Faith (nee Compton) Rockwell, young man was born at Sierra Madre Community Hospital in March, March 25th to be exact, and somehow we missed offering our congratulations to all concerned. So guess we best wish little James a happy sixth months birthday today, September 25th.

John and Eileen Mahon and three children of East Grandview had a wonderful two weeks at their cabin at Big Bear in the last two weeks of August. Eileen thinks that the cabin which John built, is just as nice as their home in Sierra Madre. The youngest Mahon offspring — John Patrick — had a nice time too and even at three years of age, he can appreciate the mountains, clear air, and the fun of vacations. Two older children, 11 year old Bridget and 13 year old Maura did quite a bit of horseback riding. Their aunt, Kathleen (Mrs. Robert) Ecker of Sierra Madre and her five children came up for the day and all spent a full day 'a-la Western.' Gee, it's hard to get back into the regular saddle after a nice two weeks like that, right??

## AT OUR NEW TAPE CENTER

## 'Rehabilitative Care For Aged' To Be Discussed

Mrs. Enid Callahan, PHN, Liaison Nurse, Rancho Los Amigos Hospital in Downey, well-known lecturer will discuss "Rehabilitative Care" for the Aged at the Nurses Regional Fall Conference.

The three day conference, sponsored by the Archdiocesan Council of Catholic Nurses commences October 10 thru 12 at the Los Angeles Hilton Hotel.

Mrs. Callahan graduated from famed Fabiola Hospital in Oakland and continued her education at the University of Oregon. She received her Physical Therapist Degree from the University of Minnesota.

For the past 17 years on the staff of Rancho Los Amigos, she presently is Liaison Nurse in the home care center.

"The Care and Concern for the Aged" is the topic of the panel discussion planned at the afternoon session of the conference. Nurses from the following states have registered for the Regional Conference, Arizona, Nevada, Oregon, Utah, Washington and California.

Thursday, Sept. 25, 1969 SIERRA MADRE NEWS-3

Because accuracy is essential...

the watch chosen to officially time the Olympic Games is **OMEGA**

WHEN A DIFFERENCE of 1/100th of a second can mean a new world record, precision timing is an absolute must. That's why Omega has been selected as the official timepiece of the Olympic Games (Mexico 1968). The first American astronauts to walk in outer space wore Omega watches; standard-issue for all NASA astronauts in the history-making moon-and-back Apollo program. Constantly inspected at multiple stages of manufacture, an Omega is a product of complete dependability... it is the watch the world has learned to trust. Stop in today, see our complete selection of fine Omega watches from \$65 to over \$1000

A — Self-winding, date-telling Constellation chronometer. Officially certified for accuracy by Swiss testing Bureau. 24-jewels. Stainless steel waterproof case. Matching brick mesh bracelet... \$200  
Other Constellations from \$155 to \$1200

B — Self-winding, date-telling Seamaster De Ville. Stainless steel waterproof case... \$130  
Other Seamasters from \$130 to \$550

Personals which obviously indicate collusion will be withheld and money returned. If party identifies unpublished article, Personals and messages between two parties who, for unknown reasons have no other method of contact.

**CAMBODIA** — All I can say is that "Your Slip is Showing" — FLARIDY

**COMRAD** — Want to be towed away? This is taking place in the old meeting place. Some people have no consideration of the desires of others. See you elsewhere — ZELTA

**GLORIA** — 'Tis the time... the place is Vogue Cleaners and Laundry. The greatest merchandising special since we traded Manhattan for a string of beads... All you can haul in with no limit... any two garments laundered or dry-cleaned in the usual craftsmanship manner... and for the price of one. It's Happy Birthday to "Ole Jack and Sue, they have shown Sierra Madreans what they can and should expect from their Drycleaner and Laundry now remember any two of a kind, like say... 2 suits, 2 skirts, 2 dresses, 2 sweaters and you will be given the "Red Carpet" treatment and only be charged for the price of one... isn't this a grand way to celebrate one's birthday... Almost makes you want to get your clothes soiled so you can go in and say Congratulations, Jack and Sue — BETTY

**SPACE CHILD** — I just can't believe it all, but will tell you that you are not in the boat all by yourself. See me, I'm swimming along side. Thanks for the info; will keep it a dark, dark secret. Won't even tell my wife about it — APOLLO

**CIMMARON** — Sorry, just arrived back in town Monday; missed the Friday expectation and did not know whether to contact you now. Will accept a call to that familiar number if the way is as perfect as you say — DOUGHOBY

**THE END IS NEAR** — "Support Your Local Spider" bumper stickers are almost gone. Many are placing them in their scrap books, sending them to the boys in service... 25c each and they are a bargain... Get yours before it is too late — BOB

**KETTLE** — I should teach you a dear, dear lesson; but I was in your position at one time and will bend to your wishes, just once. You now have until October 17, not one day longer. Take note and beware — TEAPOT

**SUPER STUFF**, sure nuff! That's Blue Lustre for cleaning carpets. Rent electric shampooer \$1. at Arnold's Hardware and Gift Shop, 297 West Sierra Madre Blvd., telephone 355-3365 and always ask for BOB

**CUT THROAT**, no, no a thousand times no, never try and pull that trick again. If it had not been for Harry you would be in deep, deep trouble. Just follow simple instructions and directions. Pool them all wear shoes — ACE-IN-THE-HOLE

**JACK OF DIAMONDS** — Bet you're red puff in the moonlight that you can't go further back than five years. I never was a good student in history so cannot grasp what you are trying to say, but do remember "live and let live" I always will — CLAMITY

**JOAN** — Terribly sorry, I thought the way Councilman Simons was fighting for the Shopping Center he just must be a brother or uncle to either Wilson or Duckett. He says no, so I believe him. My informant was woofin' up the mulberry tree. Sorry Councilman — BETTY

**EXPERT** — On family affairs, I know that you read this type messages and ask that you do not bother my family from this date on; you are causing nothing but problems that I cannot long endure. Be advised that I will take action next — BED

**LITTLE THIS-N-THAT**... THE LANCERS look like WOULD YOU BELIEVE money in the bank against it's almost Christmas. The Mira Costa team that was first clue came when I re-edged last week 6-3 by ceived a press release say Palomar. The Hyde-Tarkening the thoroughbred flashers, Larry Mitchell and Anita. Everyone knows the flashers, Larry Mitchell and thoroughbred, open usually Sylvester Youngblood pack-the day after St. Nick in the leather.

**MEL SMITH**, proxy of the PCC Lancer Club, is looking for members. Season membership is ten bucks and entitles you to season pass to all football games. The rest of the family can buy theirs for \$5. Seems to me a family plan of \$10 for a family Bruin appears to have the of say four, would be more reasonable and create more interest. At any rate, the Lancers could be flying high this year so send your sawbuck to the Lancer Club, Athletic Dept. PCC.

**IF BOB COUSY** IS SERIOUS about returning to the NBA courts, maybe Bill Sharman will play his free-throw trade this year for his L.A. Stars of the ABA. Bill still is the greatest free-throw shooter in the history of no basketball — AND — is in great shape.

**LATEST ON THE PRO** basketball merger... won't happen until the end of this season but is very likely to take place prior to the college draft in early May. Bill Sharman's Stars will play an intrasquad contest at Gladstone High Saturday night for San Gabriel Valley basketball buffs.

**BOB BLACKMAN**, former PCC coach now at Dartmouth, ranks sixth in percentage among the nation's college coaches with over 100 victories. In four years at Pasadena, two at Denver and 14 at Dartmouth, Blackman's teams have compiled a 752 percentage with 133 victories, 48 losses and eight ties. His Dartmouth record is 66-32-2. His Indians are given a good chance of winning their sixth Ivy League title.

**PASADENA QUARTERBACK** are meeting each Friday noon at the Brookside Clubhouse under the guidance of genial Gene Lipp. **OLD HANKUS** swaggared through the opening week of pigskin predictions with a neat 15-4 mark (picked San Diego St. over Cal St. L.A. a week early). Two of the losses were in the local prep ranks and this week's games are just as tough to out.

**HANKUS LIKES BLAIR** to rout Cathedral since the Vikes might well be the best in the southland... PASADENA to edge Monrovia but the Canines must generate more offense than they showed in their squeaker over St. Francis... SAN BERNARDINO to slip by Muir in what should be a high-scoring tiff.

**THE PASADENA AREA** Panhellenic Association will hold its first workshop meeting of the year on Thursday, September 25, at the home of Mrs. Arthur Hansen, Alpha Xi Delta, 2848 Shakespear Drive, San Marino. Coffee will be served at 9:30 a.m. and meeting will begin at 10 a.m. Hostesses for the day will be Mrs. Hartley Smith, San Marino, and Miss Amy Smith, Pasadena, representing Alpha Xi Delta. Assisting the hostesses will be delegates from Alpha Phi and Chi Omega.

**President, Mrs. Langdon Tannehill, Chi Omega**, will discuss the year's activities including plans for the Panhellenic Scholarship Awards, which are presented each Spring to local high school seniors who will be entering college in the fall.

**The Pasadena Area** Panhellenic Association represents eighteen of the National sororities who are members of the National Panhellenic Conference.

**PERSONALS**  
**OH BROTHER — OUR FATHER WHO ART IN HEAVEN** Just saw a copy of the Agenda for Tuesday night, and noted Resolutions to borrow money. Inquiry says that City Administrator will ask the Council to Borrow \$140,000. Anybody think money is not tight in this community? What did they say the Community Center Cost — Complete — have heard about \$215,000. Do hope we can find Federal Funds soon — A SWINGER

**SARAH** — Maybe I can reach you through this phone call. Please answer my phone calls, I am desperate in my need to solve certain situations. I have learned a great lesson, please believe me — KEN-NETH

**Most highways** have maximum speed limits — often temporarily reduced by a slow moving vehicle. Don't lose your patience, warns the Institute for Safer Living. The only safe speed is the speed of traffic flow. Always move with it! Be especially alert on throughways where driving is faster and smoother.

**63 N. BALDWIN**

**Trail and Sturtevant** Truck 422 was also at the scene. The next alarm for your Volunteer Firefighters came at 11:16 Sunday evening to 370 Vista Circle where it was reported that a house was afire.

**Engine 424** responded to the call and made the run in 5 minutes to find that the informant, Mrs. Rise, had looked out of her picture window and observed a fire in the fireplace of the above mentioned location. Engine 423 was on standby at Mountain Trail and Sturtevant. Truck 421 and 422 also responded.

**Twenty-three Regular** Firefighters answered the alarm and were dismissed by Fire Chief Charles Brown at the hour of 11:40 p.m. to return to the station and secure the equipment.

**This was Fire Alarm No. 76 and 77** for the year for Fire Suppression as compared to 44 at this same a year ago.

**Community Center**

**ert E. Wood AIA** was the architect and B. K. Wheeler, the contractor. The facility has two meeting rooms, a fireside lounge, and a 350 person capacity assembly hall. All areas are able to function independently of each other and the snack bar services the Community Center's fireside lounge and patio area which is equipped with BBQ and gas outdoor as well as the swimming pool area.

**The Parks and Recreation** Commission invites everyone to come and see your new Community Center. As Sue Slide, member of the Parks and Recreation Commission and chairman in charge of the dedication, says, "We know that this will launch the beginning of a never ending service to all segments of our great community!"

**Richard John**

**Manufacturers Association**, and has played a leading role in the National Alliance of Businessmen and Management Council programs in the Pasadena area.

**John** is a member of the State Bars of California, Illinois and Wisconsin, and of the American Bar Association. He attended the University of Wisconsin where he received a B. A. in economics in 1951 and was awarded his Juris Doctor Degree in 1952.

**John, his wife Colette**, and their five children live in Sierra Madre, California where he is a member of St. Rita's Parish and a member of the choir and is also a member of the Sierra Madre Swim Club Boosters.

## 'Hand-Knitting' Class To Start

Registration is now being accepted for one of the most fascinating hand art classes — "Hand-Knitting" offered by the Pasadena Department of Recreation, 1501 East Villa Street. This class will meet each Monday morning, 9:30 a.m., starting October 6, according to LeRoy Gabriel.

According to Mrs. Ferber, "Hand-Knitting will incorporate all of your imagination and skill; as well as save you money and provide you with clothing which best expresses your personality. The hours become minutes as you learn this very old, yet new art of Hand-Knitting."

Students will be taught fundamentals, as well as to read and understand patterns. Crochet and fancy stitches will be demonstrated, and students will also learn to chart, using all types of yarn and crochet thread.

Opportunities will be given to learn new stitches, trims and methods of finishing hand-knitted garments.

Additional classes will be held on Monday afternoons starting Oct. 6, 1:00 p.m. Registration must be made prior to Friday, October 3, at Jefferson Recreation Center, 1501 East Villa Street. Information may be obtained by calling 793-9177.

Seventy-three per cent of deaths from falls in 1968 were of persons 65 years old or older, says the Greater Los Angeles Chapter, National Safety Council. Two third of these falls occurred in the home.

## Christmas Seals Available For Overseas Mailing

Christmas Seals are now available for persons planning early mailing of holiday packages and letters to overseas destinations. Dr. Clayton G. Loosli, president of the Tuberculosis and Respiratory Disease Association of Los Angeles County, said today.

Dr. Loosli said although the official opening of the campaign is not until November 10, persons may request and receive their Christmas Seals now in order to meet overseas mailing deadlines.

Christmas Seals may be obtained by writing the Tuberculosis and Respiratory Disease Association, 1670 Beverly Blvd., Los Angeles 90026, or by calling 483-3220.

## Letters To the Editor . . .

Dear Editor:

As the school year gets underway, Americans wait for what the revolutionaries have in store. The cause and solution to the campus revolution were given in both the Eleventh (1953) and Fourteenth (1956) Reports of the California Senate Investigating Committee on Education. Here are statements from those reports:

"An early directive by Lenin himself reads, 'We must secure the good will of teachers and professors in schools and universities, of liberal ministers of religion and of pacifists and reformers of the world in order to create a mental barrage in the minds of the capitalist youth, which shall forever bar them from participating in carnal conflict with the Communist order.'"

"The Report stated that, 'It is not necessary that one be a Communist to do irreparable harm to youth. In fact, it makes little difference.'"

"The argument has been advanced that perhaps we should try Communism and see if it is better or worse. That is something you cannot do. You cannot try Communism any more than you can try arsenic or cyanide. Communism is permanent. It is fatal to freedom. It is in effect the total loss of your right to ever change your mind."

"These are things our students should know and understand before they leave our schools."

"In our law schools, the subject of larceny is taught, but they do not get thieves to teach it. In our schools we must aggressively teach the evils of totalitarianism of government. We must aggressively teach the perils of Communism, but we need not, we must not, have Communists teach it, any more than we would have criminals teach in our law schools."

"We should be vigilant to see that Communist and socialist material propaganda is matched, answered, and exposed." In short, "There is an unquestioned obligation on the state and the school authorities to provide good and proper instruction in the public schools and especially to exclude disloyal and perverted propaganda."

— Richard E. Woodin

An accidental death occurs somewhere in the United States every five minutes, all around the clock, says the Greater Los Angeles Chapter of the National Safety Council.

29 NORTH BALDWIN SIERRA MADRE, CALIF.

# A blackout in Southern California?

On August 4 of this year, a power shortage plunged New York into its most serious power crisis since the massive blackout of 1965.

Lights went dim. TV screens got fuzzy. And people were asked to cut back on their use of air conditioning.

The problem: not enough generating plants. The reason: New York utilities were not permitted to build new facilities as planned. Building schedules were postponed because of delays in governmental authorization.

Could a widespread blackout happen here? Not likely now—but it could happen in the future if we don't build more generating plants now, as well as substations and transmission lines.

To make certain you will continue to enjoy low-cost, uninterrupted service, we must build some new plants here in Southern California—close to where the power is used.

A new Edison plant can benefit your community in many ways, including millions of tax dollars every year to aid your local school districts. In fact, Edison is the largest single taxpayer in many of the com-

munities and counties where we operate generating plants.

Does a power plant create smog? According to Air Pollution Control District authorities, Edison power plants now account for less than 1% of the total tonnage of air pollutants in the Los Angeles Basin. In comparison, automobiles account for nearly 90%.

Nobody wants smog, including us. We've been pioneering ways to prevent pollution since 1954. You can count on us—wherever Edison builds a plant—to more than meet the most stringent controls for clean air established by local and state authorities, plus the U.S. Department of Health, Education and Welfare. Because it involves you and your environment. To us, that's important. After all, 11,000 of us work at Edison. Our families live in Southern California, too.

Based on population projections, we need to build new generating plants and, of course, transmission lines to bring the power to you in certain key areas.

We should build a plant near Victorville in San Bernardino County.

We need another, with two units, in Ventura County. Work is well underway on the first unit at Ormond Beach near Point Mugu.

And we need two new generating units at our Huntington Beach station in Orange County. Later, we'll need other plants within our 14-county service territory.

To meet current demand for electricity, we're generating power for Southern California by every practical means—water, gas, oil, coal and the atom. We're also importing electricity from New Mexico and the Pacific Northwest over extra-high-voltage transmission lines.

The best way to prevent a power shortage is to avoid having all your eggs in one electrical basket. That's why we need to build more generating stations, substations and transmission lines throughout Southern California.

Should it become necessary to build in your area, may we count on your understanding and support? You would be helping Southern California to remain the brightest spot in the nation.

### SIERRA MADRE NEWS RESOLUTION NO. 69-58

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SIERRA MADRE, CALIFORNIA, DECLARING ITS INTENTION TO ORDER CONSTRUCTION OF HOLDMAN AVENUE, FANE STREET, SANTA ANITA COURT, MONTE VISTA LANE (A PRIVATE STREET) AND IN CERTAIN EASEMENTS AND APPURTENANT WORK, DESCRIBING THE PROPOSED IMPROVEMENT, DECLARING ITS INTENTION TO ORDER THE ACQUISITION OF CERTAIN LANDS, RIGHTS-OF-WAY AND EASEMENTS; DECLARING THE WORK TO BE OF MORE THAN LOCAL OR ORDINARY PUBLIC BENEFIT; SPECIFYING THE EXTERIOR BOUNDARIES OF THE DISTRICT TO BE BENEFITED BY SAID WORK AND TO BE ASSESSED TO PAY THE COST AND EXPENSE THEREOF; DESIGNATING SAID DISTRICT AS ASSESSMENT DISTRICT NO. 92; DETERMINING THAT THESE IMPROVEMENTS SHALL BE CONDUCTED PURSUANT TO THE IMPROVEMENT ACT OF 1911; AND FIXING A TIME AND PLACE FOR HEARING OBJECTIONS THERETO.

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE, PURSUANT TO THE PROVISIONS OF THE IMPROVEMENT ACT OF 1911, BEING DIVISION 7 OF THE STATUTES OF CALIFORNIA, DOES RESOLVE AS FOLLOWS:

**DESCRIPTION OF WORK**  
SECTION 1. That the public interest and convenience require and it is the intention of the City Council of the City of Sierra Madre, California, to order the following work to be done, to wit:

Installation and construction of sanitary sewers, house laterals and appurtenant items in the

## LEGAL NOTICE

### SIERRA MADRE NEWS RESOLUTION NO. 69-58

**LOCATION OF WORK**  
SECTION 2. The foregoing described construction and improvement is to be located in Holdman Avenue, Fane Street, Santa Anita Court and Monte Vista Lane, between Santa Anita Court and Fane Street, Fane Street between Holdman Avenue and Colony Avenue, Santa Anita Court between Holdman Avenue and Rancho Road, Monte Vista Lane (a private street) from its northerly end to Orange Grove Avenue and in the easement described in Section 4.

**PLANS, PROFILES, DRAWINGS AND SPECIFICATIONS**

SECTION 3. All of the said work and improvements to be done shall be constructed upon the grades, along the lines, between the points, of the dimensions, at the places and in the manner shown on the plans, profiles and drawings and specifications for the construction of said improvements in and along the public streets and rights-of-way above described, as approved by Resolution No. 69-37 on file in the office of the City Clerk of said City; and to which map, plans and specifications reference is hereby made for further, full and more particular description of said work and said map, plans and specifications shall govern as to all details thereof.

### ACQUISITION

SECTION 4. The public interest, necessity and convenience require and it is the intention of the City of Sierra Madre, California, to order the acquisition of the following described lands, rights-of-way and easements, for a public purpose, namely the installation and maintenance of a sanitary sewer line and appurtenant structure, all of which are hereby determined to be necessary in connection with the work and improvement herein before described, and to assess the costs of such acquisition, in-

cluding all incidental expenses thereof, as a part of the costs of said work and improvements, to wit: all that certain real property, or interest in real property, situated in the City of Sierra Madre, as shown on the Map approved by Resolution No. 69-39 and described as follows:

**Parcel A.**  
A strip of land twenty (20) feet in width, the center line being described as follows:

Beginning at a point in the north line of Orange Grove Avenue, 50 feet wide, westerly thereon 368.31 feet from the west line of Rancho Road, 60 feet wide; thence northerly along the easterly line of Los Angeles County Assessors Parcel Tax Code Area 6516, Map book 5767, page 33, parcels 3, 4, 5, 6, 7 and 8, 675 feet.

**Parcel B.**  
A strip of land five (5) feet in width, the center line being described as follows:

Beginning at a point in the easterly line of Los Angeles County Assessors Parcel Tax Code Area 7516, Map book 5767, page 33, parcel 6, said point lying northerly along the easterly line of parcels 3, 4, 5 and 6 of said page, 522.88 feet from the north line of Orange Grove Avenue, 50 feet wide; thence westerly parallel to the northerly line of said parcel 6 and its westerly prolongation 135.27 feet, thence northerly parallel to the westerly line of Los Angeles County Assessors Parcel Tax Code Area 7516, Map book 5767, page 33, parcels 6, 7 and 8 to a point, said point lying 2.5 feet southerly of the south line of Tract No. 19415, measured at right angles to said south line, as shown on map of Tract 19415 recorded in Map book 509 pages 3 and 4 in the office of the recorder of Los Angeles County; thence westerly parallel to said south line to the southerly prolongation of the center line of Colony Drive (formerly Grimmer Avenue) as shown on said Tract; thence northerly along said southerly prolongation to the southerly line of

Mayor of the City of Sierra Madre, California

**ATTEST:**  
L. Marie Warfel  
City Clerk

I hereby certify that the foregoing Resolution was adopted by the City Council of the City of Sierra Madre at a regular meeting held on the 10th day of September, 1969, by the following vote of the Council:

AYES: Rudolph, Simons, Rule, Hartman.

NOES: None.

ABSENT: Nikoloff.

L. MARIE WARFEL  
City Clerk of the City of Sierra Madre, California

Publish Sierra Madre News  
September 18, 25, 1969

Mr. and Mrs. Richard A. Evans of 150 S. Holdman Ave., were recent guests at Rosedown Plantation and Gardens in St. Francisville, Louisiana. Rosedown is a restored plantation empire in the Felicianas, the region made famous by the artist-naturalist John James Audubon, who painted more than 30 of his famous bird-life studies more than a century ago. Their visit coincided with the peak bloom of thousands of rare old roses, Mexican sunflowers and other summer flowers.

### TIME AND PLACE OF HEARING

SECTION 7. NOTICE IS HEREBY GIVEN, that on the day of October 14, 1969, at the hour of 7:30 p.m., in the Council Chambers of the City of Sierra Madre, California, at the City Hall at 55 West Sierra Madre Boulevard, in the City of Sierra Madre, any and all persons having any objections to the proposed acquisition, work or improvement, or to the extent of the assessment district, or the proposed grades, or to the extent show cause why said acquisition and work should not be done or carried out or why said district should not be formed in accordance with this Resolution of Intention. Protests must be in writing, and must be delivered to the City Clerk prior to the time set for the hearing.

### ESTIMATED COSTS

SECTION 8. The Engineer of Work has estimated the costs of such work and improvement at \$84,135.00; acquisition at \$5,615.00; and miscellaneous incidental expenses and costs of these proceedings as authorized by the Improvement Act of 1911 at \$13,600.00; for a total estimated cost of \$77,430.00.

### SECTION 9. The City Council finds that the provisions of Division 4 of the Streets and Highways Code have been waived by petition.

### NO PRIVATE CONTRACT

SECTION 10. In accordance with Section 5260 of said Streets and Highways Code, the City Council hereby determines that the public interest will not be served by allowing the property owners to make any of such improvements, and accordingly any and all private contracts for such work are prohibited.

### SECTION 5104 WORK

SECTION 11. The City Council determines that the public interest requires and it will be more economical to do certain limited corrective work on private property than to do the work authorized by Section 5104 of the Streets and Highways Code.

### SPECIFICATION DETAIL

SECTION 12. The structures, work and improvements described herein shall be constructed to the grades, sub-grades and elevations severally shown upon the plans and profiles and detailed drawings thereof in the respective locations thereof, to which plans and profiles reference is hereby expressly made for a description of the grades to which all of the work and improvements under this Resolution of Intention shall be done, which said grades are hereby adopted and established as the official grades therefore for all purposes in connection with the acquisition, work and improvements pursuant to this Resolution of Intention; notice is hereby given that said grades may be, in part, new and different from existing ground levels.

The plans and specifications, profiles and detailed drawings and diagrams accompanying the same, are hereby expressly referred to for full and detailed description and location of said proposed acquisition, work and improvements, the public streets and rights-of-way involved, and the grades of the public streets and rights-of-way involved, and the grades to which said improvements are to be constructed.

There shall be excepted from all of the herein described work all of said work that has already been done to the lines and grades shown on said plans and profiles, and in accordance with said plans and specifications.

All of said work shall include, without duplication, any and all streets, intersections, terminations and opposite terminations occurring within the limitations of said work.

All of said classes of work shall include, without duplication, any and all streets and/or public ways above described in their entirety, but only upon the particular locations as shown on the plans and specifications.

The improvement includes all appurtenant work, including trenching, pipes, supplies, equipment, grading, drainage, excavation and fill removal of obstructions, corrections, backfilling, reconstruction, repaving and restoration.

### IMPROVEMENT ACT OF 1911

SECTION 13. All of the work herein proposed shall be done and carried through in pursuance of an Act of the Legislature of the State of California, designated the "Improvement Act of 1911," being Division 7 of the Streets and Highways Code of the State of California.

### PUBLICATION OF RESOLUTION OF INTENTION

SECTION 14. The Sierra Madre News, a newspaper printed, published and of general circulation in the City of Sierra Madre, California, is hereby designated as

## Remember Oct. 15 Is Filing Deadline For 1969 Claims

Some 23,000 California Senior Citizens have already received 1969 Senior Citizens Property Tax Assistance checks amounting to three million dollars, Assemblyman Frank Lantierman said today. He also issued a reminder that October 15, 1969, is the filing deadline for the 1969 claims.

This is the second year of the California Senior Citizens Property Tax Assistance Program, he said. The program was adopted by the Legislature in 1967 to aid Senior Californians in paying their property taxes. The program provides for a refund of the claimant's property taxes ranging from one per cent to 95 per cent, depending upon the claimant's household income.

Assemblyman Lantierman said this program should not be confused with the Homeowner's Property Tax Relief Program which was the first step by the Legislature in providing general property tax relief to California residents. Senior Citizens are eligible for both programs if they can meet the qualifications, he said.

This means that a qualified Senior Californian could receive the \$70 from

the Homeowner's Property Tax Relief Program and get an additional check for up to 95 per cent of the balance of his taxes from the Senior Citizens Property Tax Assistance Program.

To be eligible for Senior Citizens Property Tax Assistance, claimants must be over 65 years of age as of January 1, 1969, must own and occupy their home, must have paid property taxes on the home, must have a total household income of less than \$3,350. Qualified individuals can obtain forms from any office of the Franchise Tax Board or by writing to Senior Citizens Property Tax Assistance, P.O. Box 1588, Sacramento, California 95807. Mr. Lantierman has a limited number of the claim forms in his District Office at 106-A South Los Robles Avenue, Pasadena, California 91101.

# Our car loans come with an optional extra that's free.

You can  
bank on it.

Save between \$48 and \$72 on your next car. A free checking account with every auto loan is not the end of the world. But it's a savings of up to \$2, every single month. This savings could be the difference between a push-button radio and no sound at all. Or enough gas to take you to the East coast on your next vacation. Maybe even the last payment on your loan.

Save even more on low interest. If you're ready to buy a new car, come to First Western Bank, first. Car loans from other places may cost you more. They may allow a healthy chunk of your money to go to a middleman. In the end, you might be paying more for your car. Or getting less car than you're paying for.

Earn more money on the money you save. If you're really interested in being prudent, open a bank-safe savings account with us. Then compound the money you save on your auto loan. What this all amounts to is simply this: When it comes to money management, we want to help our customers. After all, they've helped us to become a \$900 million bank.

## Letters To the Editor . . . . .

Many thanks for those kind words in your column of July 10. Those July 4 Celebrations were a lot of work, but I'm sure no one enjoyed them more than I. And, I have watched the Sierra Madre News with more than usual interest as July 4 approached since we moved away to see what was transpiring on succeeding ones. I'm so glad that they are being continued.

There is just one addition I had planned: Earl Knowles had suggested that NO parade is complete without a ragamuffins' band. We had acquired an old washboard as the first step in organizing one (any of the firemen or others interested in an old washboard?) You may have such an entry now, and I hope so for it should be fun.

We are just now catching up on the news, having been away all summer. Dick had schools at Oklahoma City (the FAA trying to upgrade his piloting) and Fort Lee, Virginia (the Army — summer camp), so I went along. Then we vacationed home via Richmond, Washington, D.C., Gettys-

burg, Philadelphia, New York, Boston, Montreal, Detroit, Milwaukee, and home. All in all, we travelled 7500 miles and had a marvelous nine weeks. When we were lost or when we were not, there was never a dull moment! Come up and we'll regale you with tales and pictures!

Dick accepted his discharge from the Army the end of June, so we are civilians once again. He will remain in the active reserve, but we will be going back into business soon. Looks as if my life of leisure has come to a rather abrupt end.

We read with particular interest the news of the city and the council; please give our regards to the councilmen — they do a fine job! And remember us to your own charming and lovely Peggy — how I'd enjoy a cup of coffee and a visit with her!

Dick joins in regards to you, Bob.

— Frances King  
P.S. Be glad to contribute that washboard to anyone interested in the aforesaid band.

## Japanese Flower Arranging Class

Registration for beginning and intermediate Japanese Flower Arrangement classes is now being accepted by the Pasadena Department of Recreation at the Jefferson Recreation Center, 1501 E. Villa Street. Classes will be starting Wednesday, October 8, 7:30 p.m. Additional classes will be conducted on Thursday, October 9, 9:30.

The course will include lecture, demonstrations, and practice in making arrangements. Stress will be on arrangements for the home. A helpful manual will be provided to each student.

Information on these classes may be obtained by calling 793-9177. There will be a fee of \$6.75 for the nine lesson series.

More people were accidentally killed at home than at work or in public (excluding auto deaths) last year, says the Greater Los Angeles Chapter of the National Safety Council. 28,500 were killed at home, compared with 20,500 in public and 14,300 at work.

## Know THE FOOD You Eat

by JEANNETTE

EDITOR'S NOTE: When her children were young and full of questions, Jeannette Hessler found herself looking up the why, where, and how of the food her children ate and asked questions about. She would write them down and after explaining them to the satisfaction of her children, filed them away for future questions. Now that her children are grown, she extracted them from the Hessler Archives and is sharing them with you in a weekly column.

Are you feeling tired, worn out, nervous, tummy upset, you have a headache and you can't sleep? How about a cup of tisane?

Tisane is the French word for an herbal infusion, which has a double meaning. It is a tea that is good to taste and is good for what ails you. Herb teas were popular back in medieval times and have survived because they are a pleasure to drink. The Greek, Ptsane and the Latin, ptisana, were words designating the insipid tea of pearl barley or the thickened barley broth which every doctor from Hippocrates on down prescribed for his patients. Tisanes are taken at bedtime for anything not considered serious enough to see your doctor about.

The English drank sage tea before the introduction of Chinese tea leaves. The Chinese even preferred it to their own tea and would give the Dutch traders three pounds of tea for every pound of sage in return.

The early colonists brought over seeds, roots, and cuttings of herbs. But they learned from the Indians how to brew the native mints and many aromatic plants into medicinal teas. Herbs teas were never more popular in America than in the Revolutionary years when British goods were boycotted. The drinking of herbal infusions became a symbol of patriotism. After the Revolution herb teas began a gradual decline. Today few Americans know the fragrance to be found in a delicate tisane sipped slowly and at leisure, or how soothing it can be.

Today in France teas are made with dozens of aromatic herbs and flowers. Perhaps the favorite tisane of France is the Tilleul, which is made from the fragrant flowers of the Linden tree. This particular infusion has been popular since the 1700's and was mentioned a century earlier. The delicious aroma and flavor of this tea was prescribed for the treatment of asthma, migraines, vertigo, and on and on. It was highly esteemed as a sedative and was considered to prevent wrinkles. There you are ladies and gentlemen — have a cup of Tilleul and your worries are over.

Another favorite tisane, even as far back as 1525, is Chamomile Tea. It was recommended for an aching head and is still sipped to soothe a nervous headache. Today in France a woman receiving a facial will often be served a cup of Chamomile to help her relax. It is thought that if she isn't relaxed the massage will not be effective. Chamomile is also used as a hair rinse to lighten and brighten the hair. It is also recommended for cuts and bruises and to prevent infections. If you really want to relax, just brew a whole bathtub of Chamomile Tea and sit in its fragrance and see how your troubles fade away. While soaking you might enjoy a cup of this pleasant tea which has an apple flavor, laced with a bit of rum. This was suggested by a famous botanist in the sixteenth century.

Mint Teas have always been popular but there are so many species that it would be hard to enumerate all of them. Mints were probably used by the ancient Egyptians. The most popular mints are peppermint and the milder-flavored spearmint. An infusion of mint is said to have a soothing effect on coughs

and colds. Delicious teas are also made with apple mint and the orange-scented bergamot mint. Our grandmothers and medieval ancestors had a favorite "out of sorts" mint tea which was an infusion of pennyroyal. Mint may be combined with other herbs, such as sweet marjoram and lemon verbena.

Almost all the herbs commonly used for cooking make pleasing tisanes.

There is no special mystery about brewing a cup of herbal tea. Like all teas they should be infused in a porcelain, china, or earthenware pot. If dried leaves or flowers are being used, measure about a teaspoon for each cup of water and add another teaspoon for the pot. Fresh flowers should be crushed gently before infusing. Three teaspoons for each cup should be used. Pour boiling water over the tea and steep for three to five minutes. If the tea seems too weak add more of the herb as oversteeping may ruin the flavor and make the infusion acidic. All herb teas are pale in color, usually greenish or golden. The strength of the tea should be judged by the taste rather than the color.

If you don't care for a cup of tisane, perhaps you would like a cup of one of our well known teas which come from the Orient. The tea plant is a perennial evergreen shrub related to the Camellia, which resembles it in appearance and in its growth habits. The original home of all Tea is a small range of mountains known as the "Bohea Hills" in southern China. Some species are indigenous to India and Japan. The bulk of the world's supply of Tea is now produced in India, Ceylon, Indonesia, Japan and Formosa. In more recent years Africa has become active in the production of Tea.

There are many varieties of Tea but only four basic types are popular. They are Black Tea, Green Tea, Semi-fermented (Oolong) Tea and Scented Tea. Regardless of the type or variety, all Tea can be produced from the leaf of the same plant. The characteristic difference in these four basic varieties is the degree of fermentation.

Black Tea is produced by inducing full fermentation of the fresh leaf, which accounts for the color and flavor. This Tea is produced by inducing full fermentation of the fresh leaf, which accounts for the color and flavor. This Tea is produced mainly in Ceylon and India.

Green Tea is the dried leaf without any fermentation. It retains its natural green color and has a very delicate flavor. This tea comes from Japan.

Oolong Tea is produced by partial fermentation. Formosa produces this Tea.

Scented Tea is a semi-fermented leaf to which is added the blossoms of fragrant flowers, such as Jasmine, and Rose. The best quality comes from Formosa.

## Out of the Cobwebs

Sixty Years Ago: September 17, 1909

Mrs. Ellen R. Veblen has arrived at El Reposo this week and will take immediate charge of the arts and crafts work on the new club house and shop, a work in which she has had a wide and successful experience.

The editor of the News was pleasantly surprised last week to meet Prof. Edward A. Fath, a former acquaintance now at the Mt. Wilson observatory. Mr. Fath was a student and later instructor in mathematics in a small college at Wilton, Iowa, the home town of the writer. And, by the way, B. B. Bravinder, the Sierra Madre dairyman, attended that college about 35 years ago.

After leaving the Wilton college, Mr. Fath attended one of the eastern universities and later took his degree of doctor of philosophy at Berkeley. For the last three years he has been stationed at the Lick Observatory and has been at Mt. Wilson since July 1 of this year.

Mr. Fath's particular lines of research at Mt. Wilson is a study of electrical conditions in some of the spiral nebulae. Most News readers probably do not know very much about spiral nebulae.

Neither does the editor. Neither does anyone else. While he is still a young man, Prof. Fath probably knows as much about them as any one. The particular line of work he is now pursuing furnished the subject for his doctor's thesis at Berkeley and prior to that there had been no systematic work done at any of the observatories.

Mrs. C. W. Hill, accompanied by her daughter,

Miss Edna, and her son, Leslie, arrived Tuesday evening from their home in Spokane. They will spend the winter in their Hermosa avenue home, the children attending Pasadena High School. Friends of Mr. Hill will be glad to learn that the former publisher of the News is well and prospering in Spokane, where he has one of the best job printing businesses in the city.

Chief Gilbert put his volunteer fire department through their first drill Tuesday evening, with a good turnout of members.

Forty Years Ago: September 20, 1929

The News office seems to have become the dumping place for all the black widows in town since the publication of an article in this paper some few weeks ago to the effect that they were present in this section of the country and were reputed to be very dangerous. Not content with bringing in huge, fearful specimens of this insect with the red hour-glass markings on the abdomen, one young boy, —Please turn to Page 15

Gery Graves recently spent the weekend with Mr. and Mrs. Tom Solury and son Tommy at their mountain hide-away in Green Valley. The occasion was Gery's birthday, which was celebrated with a lovely dinner and his favorite, a wine cake, baked by Millie. He got in a little fishing and a horse back ride. Also enjoyed just relaxing and watching the lightning play hopscotch over the mountains during the evening. Happy Birthday Gery, even if we are a little late.

WE ARE NOW PREPARED . . . . .  
TO CELEBRATE THE STARTING OF OUR 4th YEAR

## Letters To the Editor

Dear Editor:  
The following is a copy of a letter sent to the City Council.

Dear Sirs:  
On September 16, the water in our area was off from nine o'clock in the morning to six o'clock in the afternoon. It is simply incredible to us, who live in this high fire hazard area, that the city would allow such a condition to exist where we would be totally unprotected in case of fire, during the high fire hazard season, and one week after a mountain fire in the Sierra Madre area.

In the fall of 1961, we did have a mountain fire in the area above our home. All of our sprinklers were turned on, a county fire truck was in our driveway, a fire hose stretched across our property. There was no fire damage done to any of the homes in our area.

We hope the members of the city council will remind themselves of the ever present danger of mountain fires, and not place the homes in this city in such

needless jeopardy again.  
Mr. and Mrs. David S. Wood

EDITOR'S NOTE: Dear Mr. and Mrs. David Wood, your Council and Sierra Madre Volunteer Firefighters have you constantly in mind. For while the water was temporarily shut off, you had two fire engines standing by, one with 500 gallons aboard, the other with 300 gallons, there were usable main available a block and a half away, easy pumping distance, plus a city water tank truck with 1500 gallons and 25 firefighters all ready to go into action. In a major brush fire this water would last about 30 minutes, plenty of time to have the mains back in action. Personally, I say that your worries were unfounded; a call to your fire department would have put your mind at ease. You have 25 Regular Firefighters on duty 24-hours a day and they were made aware of the situation about which you speak.

Attend the church of your choice every Sunday.

## Arcadia Color Sliders Next Meet Sept. 22

Visitors are cordially invited to attend the next meeting of the Arcadia Color Sliders on Monday, September 22, at 7:30 p.m. at the Arcadia Public Library.

Mr. Clarke Sager, an international judge of 35mm color slides, will evaluate and offer constructive criticism of the member's projected slides.

Scenics, table tops, portraits and nature slides will be reviewed and discussed in a most interesting manner.

In 1968 there were 115,000 accidental deaths, says the Greater Los Angeles Chapter of the National Safety Council. There were also 11,000,000 injuries disabling beyond the day of the accident.

Support Your Hometown Newspaper which has served you almost 60 years of continuous publishing.

## Goldwater, Jr. Praises Fire Suppression Effort

Twenty-seventh Congressional District Representative Barry M. Goldwater, Jr. today praised the effective fire suppression action by fire fighting agencies on the 800 acre watershed fire north of Sierra Madre. Co-operative efforts of firefighters from the cities of Sierra Madre and Arcadia, Los Angeles County, California Division of Forestry, and the U.S. Forest Service were successful in preventing this watershed blaze from reaching disastrous proportions.

The Congressman, in session in Washington, learned of the suppression efforts from his field representative Bill McClain who witnessed the fire situation Thursday, during a tour of the Angeles National Forest. "Much of my district contains lands of the Angeles National Forest which are subject to serious fire problems," Goldwater stated. "I am very concerned about these fires and the flood problems that can result. I am always glad

to hear of a successful campaign to suppress these fires. The agencies are to be commended for their effective cooperative agreements of getting the job done," Goldwater continued.

Goldwater said he was very impressed with the highly effective organization that worked 24 hours per day, around the clock, to feed, house and supervise 800 firefighters. He said the public is not aware of the hand work and dedication that the U.S. Forest Service provides to protect the public interest. He also stated that the U.S. Forest Service deserves a well earned salute.

During his conversation with Goldwater, the field representative learned of fire officials' concern for the safety of the firefighters in their attempts to construct fire control lines in this relatively inaccessible rugged mountain area. Good use of modern fire fighting equipment was observed, he reported.

This included use of large helicopters to ferry men and to make water drops. However, the men on the ground working in the hazardous terrain appeared to hold the key to effective action, he said.

## J. P. Bullard Gets Promotion

J. P. Bullard of 10 North Mountain Trail Ave., has been promoted to manager of the Santa Fe Railway Refrigerator Department with headquarters at Chicago effective October 1, it has been announced.

Bullard is currently Western manager at Los Angeles. He joined the department at Chicago in 1940, saw military service during World War II, and is a graduate of the Institute of Business Economics at the University of Southern California.

## Services For Former Resident Goodrich Simmons

The many friends and associates of Goodrich Kilgore Simmons will be saddened to learn of his passing, on September 13 in El Centro. Mr. Simmons, who had been quite ill for the past year, was born on October 4, 1887 in Hawkstest, West Virginia and had lived in El Centro in the Imperial Valley for the past two years. Prior to that he made his home in Sierra Madre for some thirty years where he was a member of the Sierra Madre Masonic Lodge and a Past Patron of the Sierra Madre Eastern Star. A veteran of the U.S. Navy in World War II, Mr. Simmons was a retired Deputy Sheriff for the County of Los Angeles having been employed in that profession for 19 years.

Surviving his death are his wife, Ruby of 501 Brighton, El Centro; a daughter Mrs. Betty Wilson Chu of Connecticut; two sons, William K. Simmons of El Centro and Goodrich R. Simmons of the Panama Canal Zone; and a brother, Ruffner Simmons of Las Vegas. Nine grandchildren also survive.

Funeral services were held in the Chapel of the Hens Brothers Mortuary in El Centro at 10 a.m. yesterday, September 17. The Rev. William A. Dunlap of the First Presbyterian Church and Officers of El Centro Lodge No. 384 F and AM officiated at the ceremonies. Interment was private at Mt. View Cemetery in Altadena.

Thursday, Sept. 25, 1969 SIERRA MADRE NEWS—11

## From the FIRE SIDE By One of the Boys

Many words of praise and thanks have come to your Sierra Madre Volunteer Firefighters after the disastrous fire Wednesday, September 10. The boys did a marvelous job holding the fire from getting into the Canyon homes.

— SMVFD —  
Some of the boys were on the fire line for as much as 15 hours, and since the alarm was sounded at 8:49 in the evening many of them went as long as 30 to 38 hours without sleep; but at this writing everyone is back in fairly good shape. Senior Engineer Joseph Grippi received a bad shoulder, probably the night air in the mountains, plus the fact that he got fully doused with water a couple of times, caused a cold to settle; but as a whole everyone has bounced back and are ready to tackle the next one.

— SMVFD —  
One, supposedly high calling reporter that was in the Council Chambers as the fire broke out made the remark... "These firefighters disgust me, they run out of here like the world was on fire... Probably going out to put out a trash can fire... Pretty big trash can, buddy... Some 850 acres of it."

— SMVFD —  
Someday I hope that this individual will have the opportunity of facing what the local fire boys faced when they went in on that fire. It would not take him long to realize that the sooner you reach the base of a fire the smaller it may be... To me it is odd what a pencil pusher will say in the face of his own inactivity. Many fire experts could tell this individual that it was the quick action of the Sierra Madre Volunteer Firefighters that may have saved his home, as well as the homes of his neighbors; but he probably will never recognize this fact, and as I always say "ignorance is bliss."

— SMVFD —  
A complete survey of the damage, and the potential rain damage, should be taken at this time. No doubt that the County will plant the area with rye grasses, but this will not do the job, many areas will have to be "sandbagged" and when the rains come this will be too late to do much of a job to stop those large boulders, mud and debris. Now is the time to make plans for the disaster that is sure to

We tried desperately to figure out just how much water was used on that fire; engines, helicopters and all, and we came up with somewhere in the vicinity of over 375,000 gallons. Now Arcadia was pumping from a well on Chantry Road as was the Forest Service, so we can well imagine that this added to the numerous tanks of water that were delivered to the pumps, that a good 400,000 gallons of water was used to put out the fire... Here at the newspaper office it would take us well over 15 years to use that much water at the rate of \$2 per month... Quite an expensive item.

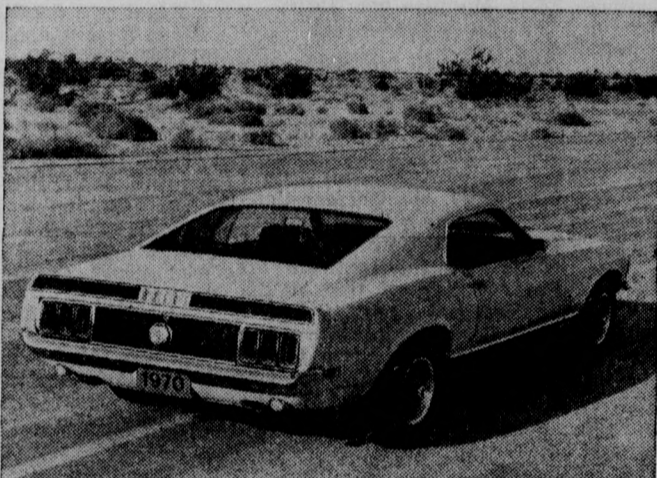

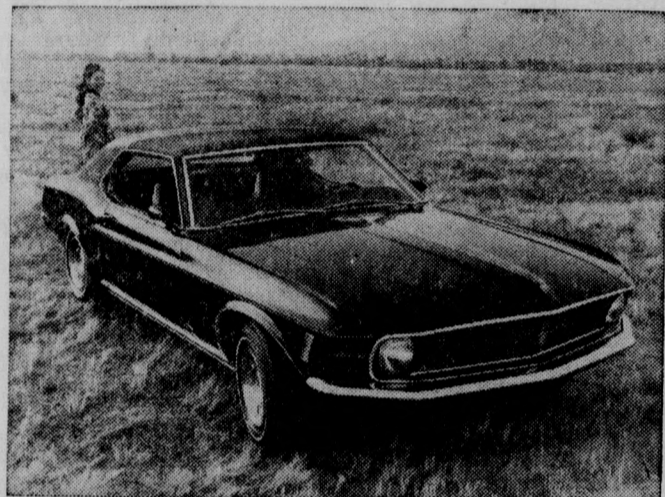

— SMVFD —  
We just do not let these heavy overcast days lead us into believing that the Fire season is all over with. There is very little doubt in any firefighter's mind that we will see a lot of action before the fall and spring rains move in to give us some relief.

— SMVFD —  
Speaking about fall and spring rains, this too is a great worry to your Volunteer Firefighters, that can see the mud and debris coming down the hill during a heavy rainfall, and although I have not asked a single one of them, but I know that should the City Council get things moving and call upon the Volunteer groups of the city to assist, that every one of the boys will answer the call with all the time they have available.

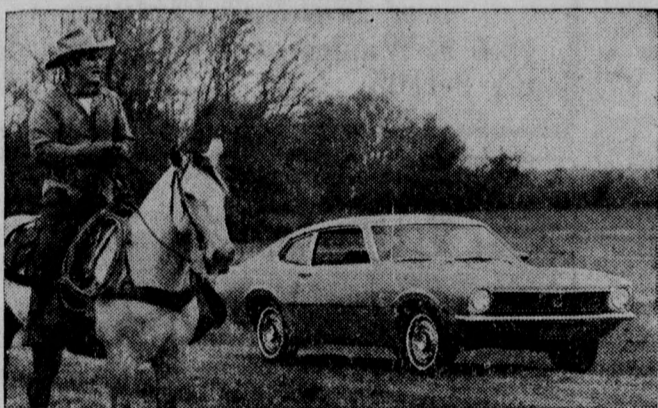

— SMVFD —

THEY'RE HERE  
IN ALL THEIR GLORY

# The Ford For 1970

Mustang gallops into 1970 with design changes and improvements for performance, comfort, convenience and safety. Grande (top) offers a standard three-quarter Landau-style vinyl roof, dual body side stripes, aluminum rocker panel moldings, and hound-tooth upholstery. Mach I (bottom) is tougher in looks and performance with dark-accented aluminum rocker panel moldings, "honeycomb" lower back panel applique, dual racing mirrors and Ford's new 351 four-barrel V-8 as the standard power plant. All seven Mustang models have high-back bucket seats as standard.

Maverick, the most successful new car ever introduced, offers good fuel economy, low purchase price, easy serviceability and smart design. Ford's "simple machine"—introduced in April as a 1970 model—surpassed the introductory sales records previously set by its older brother, Mustang.

Torino is completely new for 1970 with 13 models offering from hot performance to elegant luxury. For the first time, a four-door hardtop is offered in the Ford Division intermediate line. The four-door hardtop is available in the Torino and Torino Brougham (top) series. The Torino GT SportsRoof (bottom) is available with seven engines from the standard 302 V-8 to the red hot 429 Cobra Jet V-8.

Thunderbird for 1970 presents a bold new look, highlighted by a dramatic front end design. All models feature a longer, lower hood and three section extruded aluminum grille for a more formal appearance. Included in the Special Brougham option group, shown here on the Thunderbird two-door Landau, are such features as grille lamps, color-keyed wheel covers and high-back bucket seats. Thunderbirds also have hidden windshield wipers and hidden radio antennas to emphasize the clean design.

## Vogue Cleaners Celebrate Third Birthday

while he was finishing up, before he graduated and even before he acquired a public accountant's license that the owner of a Pasadena laundry and dry cleaners business asked Jack to come to work for him. Here he became office manager and then general manager before — with a total sum of fifteen years experience — he ventured out on his own. It has been eight years since he bought the Vogue main plant in Glendale and then dream to open up a branch in Sierra Madre started way back then.

A Californian for 33 years, Overholt was born in Springfield, Illinois. Both he and his wife attended schools in Glendale where they first met. Both attended Glendale College, but Jack's scholastic efforts were interrupted by Uncle Sam's invitation to spend 4½ years in the military service.

After leaving the service, Jack, at Sue's urging, returned to college as an accounting major at Woodbury College in L.A. It was

before he graduated and even before he acquired a public accountant's license that the owner of a Pasadena laundry and dry cleaners business asked Jack to come to work for him. Here he became office manager and then general manager before — with a total sum of fifteen years experience — he ventured out on his own. It has been eight years since he bought the Vogue main plant in Glendale and then dream to open up a branch in Sierra Madre started way back then.

A short while after opening the main plant, a second plant was opened in Glendale not far from the original.

Not exactly a slogan, but rather a philosophy prevails that Mr. Overholt has developed during his years in business, and that is that realizing that no one can please everyone he feels that quality at a fair price combined with the newest of equipment coupled with a friendly and sincere desire to please is a combination that can not be beat. It would seem that this philosophy has indeed paid off.

Needlework Guild  
Last Meet of Year  
On September 25

The Sierra Madre Chapter of the Needlework Guild of America will hold their last monthly meeting of the year on September 25, at the home of Mrs. David Nielson on Carriage House Road in Sierra Madre.

Assisting Mrs. Edgar Bell and Mrs. David Nielson, sewing chairmen are: Mrs. Richard Law, Mrs. Carl Hansen, Mrs. B. P. Sewall, Mrs. Trula Sewall, Mrs. James Elliott, Mrs. Emily Gibson, Mrs. Elizabeth Burson, Mrs. C. R. Entrick, Mrs. A. E. Caurdeau, Mrs. William Maloney, Mrs. Doris Hopson, Mrs. Henry Burlage, Mrs. Marion O'Connor, Mrs. Lelia Mann, Mrs. Cornelius Barkmeyer, Mrs. Marie Stark, Mrs. Dorothy Niederer, Mrs. Hilda Heasley, Mrs. Emil Wagner, Mrs. Glean Drury and Mrs. Eric Wittig.

The Needlework Guild of America is a philanthropic organization that assist hospitals, orphanages, homes for the aged and other institutions by its contributions of needed articles. The collection of these articles are known as ingatherings and take place once a year in October.

## Emergency Preparations To Be Studied

spective chiefs on a continuing basis. Volunteer groups such as Search and Rescue have also indicated their willingness to assist as a functioning part of the City's Civil Defense organization in response to calls for service from the City.

7. Public information will be important. Those residents likely to be affected will be informed of the possibility of a hazard in advance and kept current of any developing hazardous situation.

8. All of the City's operating equipment which could be brought to bear in the event of flooding or mudslides has been evaluated.

With the exception of one light dump truck, the City's operating equipment is in good to excellent shape and every attempt will be made to keep the equipment in operating condition to be ready in the event of an emergency use need. We are recommending replacement of the 1954 light dump truck presently used by the Parks and Recreation Department at this time as:

(1) Its cost of repairs would be prohibitive (\$480 estimated).  
(2) If repaired, would not provide the reliable piece of

equipment that an emergency situation would call for.

9. The City will secure from 20,000 to 25,000 sandbags, hopefully, as these can be made available from other agencies such as the County Flood Control District and County Fire Department so that these can be on hand prior to actual need.

10. The City will establish a list of sources of other heavy equipment which could be brought in on a rental or loan basis from other agencies and from private contractors. The names and phone numbers of those sources will be kept on hand by the Public Works Directors to be used in the event of need.

11. Civil Defense supplies will be checked and inventoried.

12. A Civil Defense plan which has been in the preparation stages for some months will be completed and brought to your Honorable Body for its review and possible action as soon as possible.

Of course, members of Council have been aware of these steps prior to the preparation of this report. However, we felt it would be advantageous to be able to review these steps in report form as a public information item as well as from the standpoint of review and evaluation. Should your Honorable Body desire to modify, amplify or add steps and procedures to what has been listed here, we would be pleased to respond to Council's instructions.

Our recommendation, if it is the wish of your Honorable Body, would be for Council to approve the procedures mentioned above in this report and to act favorably on the following:

1. The acquisition of a medium weight dump truck to replace the 1954 dump truck. It is estimated that a new truck would amount to approximately \$6,000 and can be acquired under the lease with option to renew or purchase agreement.

2. That the City Council appropriate funds and authorize the purchase of an additional mobile radio in the Public Works Department so that all City crews can be coordinated by radio. This request for a radio would have normally been asked for in the 1970-71 fiscal year in any event.

## TEENS

By Debbi Anderson  
and  
Carol Hathaway

Hi, I hope you all had fun at the dance Saturday night and are looking forward to many more. About 100 teens showed up and the band, Colonel Savage, supplied the music. A lot of kids enjoyed dancing and playing pool with refreshments being sold too.

The dedication of the Center will be held this Saturday, September 27. Teen Club will be giving guided tours of the Center and there will be entertainment for everyone... don't miss it!

Be sure to buy your membership cards for \$1.00 at the City Hall or any Teen Club meeting. They are held every first and third Tuesday of the month at 7:30 p.m. You'll need a photo of yourself to attach to your card. Our next meeting is October 7 at 7:30 p.m. in the City Hall. See you there.

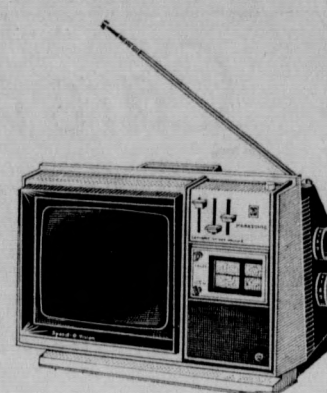

Today's driving, especially on higher speed expressways, requires a degree of judgment, skill, and alertness unknown a few years ago, according to the Institute for Safer Living. Equally important as your own driving ability is the condition of your car. Good driving demands top mechanical and physical performance.

Eaton Women  
Enjoy 18-Flag  
Tournament

The Eaton Canyon Women's Golf Club played an 18 Flag Tourney. In A flight Peg Simpson was the winner by moving her flag the greatest distance. Ruth Dunning placed second and Nicky Riordan was close behind for the third spot. In B flight Virginia Friederici was first. Placing second was Zoli Alexander followed by Marietta Kermode. Betty McCann took the honors in C flight. Elaine Hauck was second and Jeanne MacDonough was third. In D flight it was Mickey Nelson first Jean Walters second and Edna Maguire was third.

How do you feel when you start out in the morning for a day's use of your car? Did you have a good night's sleep? Do you feel alert — up to par physically and mentally? Are you emotionally in tune with the world and your fellow man? According to the Institute for Safer Living of the American Mutual Liability Insurance Company these are the questions you should ask yourself each time that you back your car out of the garage. Your life may depend on the correct answers.

Legion Auxiliary  
Met Sept. 11

Sierra Madre American Legion Auxiliary met Thursday, September 11th at Amy Biesel's home.

Our rehabilitation chairman had a list of articles needed at San Fernando Veterans Hospital to be made by unit members, such as denim bathrobes, feeding bibs, afaghans and pieced laprobes.

The Americanism chairman stressed the importance of our United States Constitution and urged all to put their American Flags out September 17th.

At our August 11th District Meeting, Sierra Madre Unit 297 received a national citation and two department citations for our achievements in 1968-69. Bertha Billings our Junior Past President received a Department citation.

There will be no social meeting September 25th. The next business meeting will be held at Thelma Proctor's home 280 San Gabriel Court, October 9th at 8 p.m.

Accidental deaths in California last year declined 6 per cent from the 1967 total, says the Greater Los Angeles Chapter of the National Safety Council.

## WHY IS FAMILY LIFE (SEX) EDUCATION SUDDENLY SO IMPORTANT?

"Isn't it amazing that after thousands of years of procreation without formal instructions in technique, and after all these years of family members performing as fathers, mothers and children in their proper roles, suddenly the 'sexperts' insist that they must take these matters into the public and private school-rooms and hereafter 'teach' everybody what it means to be a man, or a woman, or a child?"

— MOTOREDE Chairman

### What Is It All About?

## Public Meeting

FRIDAY, SEPTEMBER 26 -- 7:45 P.M.

ARCADIA MASONIC TEMPLE

50 WEST DUARTE ROAD

### Sermon To Be: 'How God Speaks Today'

"How God Speaks Today"—The Rev. Richard J. Anderson of Sierra Madre Congregational Church, 170 W. Sierra Madre Boulevard, Sunday 11:00 a.m.

For many people today there is a communications gap between themselves and God. Even though they acknowledge the existence of God there is no real awareness that God speaks to them personally.

From time to time they make comments about how life is going and perhaps interpret events in their lives, either good or bad as God's attempts to teach them something. But all this is so vague, and most of the time there is only a dull distant feeling that "no one really knows, cares or listens when I pray."

Does God speak today? We always hear about how God did things centuries ago when Jesus or the disciples or prophets were alive, but what about now, today?

What about me personally? Will God talk to me? How can I know God's voice?

God does speak to men today. You can know his voice and experience a fulfillment in your life you never dreamed possible if you learn to know his voice. Listen and follow him.

Fall Sunday School Session October 5th — Enrollment 9:20 a.m.

### Lesson-Sermon For September 28

"The kingdom is the Lord's; and He is the governor among the nations." This passage from Psalms is included in the Christian Science Lesson-Sermon to be read in churches this Sunday. The subject is "Reality."

A correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy affirms: "When man is governed by God, the ever-present Mind who understands all things, man knows that with God all things are possible."

### Letters To the Editor

Dear Editor:  
I wish to commend the City Council's viewpoint of "overall good for Sierra Madre" in the matter of the Alpha Beta Market development.

However, at the same time I point out that the entire handling of the development is another example of poor city government. The "overall good of Sierra Madre" should be known in advance. The Ghost Master Plan of Sierra Madre should be existence now. A call for volunteer typists, draftsmen, and artist would bring forth enough help to process the information produced by the Planning Commission and its sub-committees.

The map of Sierra Madre clearly shows that "variances" have been the rule instead of the exception. The long discussions on adequate parking in the supermarket development seems ironical because the City has observed no laws on parking requirements at the swimming pool and community building site.

The trend of events during the past year has indicated that Sierra Madre needs a Master Financial Plan. The Pasadena office of the accounting firm of Pyle, Lance, Schlinger, and Soll have just completed the annual Sierra Madre audit. I urge all citizens to acquire a copy of this document.

It will clearly show that our village of 12,000 people cannot afford our fine new Community Center. Councilman Simons has pushed this project to completion over the wishes of a majority of Sierra Madre citizens. It is entirely appropriate the new Center be christened "Simons' Folly."

— Vic Beisswinger

Dear Editor:  
The following is a letter sent to the City Council. Gentlemen:  
Due to the complete non-union of the City Council and the Planning Commission in matters of discussion and decision relating to city parking lots, I consider the Parking Commission to be non-functional and hereby tender my resignation and request that

### Brig. General Guest Speaker At S.A. Church

Brigadier General Andrew Telfer will be the guest speaker at the Santa Anita Church, 226 West Colorado Blvd., Arcadia, on Sunday, September 28, at the 11:00 a.m. service. He has chosen the timely subject, "Youth In An Exploding Era."

Brigadier Telfer is a rare individual, one who combines his deep spiritual convictions with a delightful sense of humor. He is challenging and inspiring with his keen insight into today's young people. You and your children are invited to attend our service. Infants and child care are provided. Children in Pre-school through 8th Grade attend the first 15 minutes of church in the Sanctuary with their family. A special message "Sermonette" will be given them by Mr. Jack Wells. Following the "Sermonette" children attend their graded classes. Brochures are available at the church office outlining the Adult Fall Classes, the first semester commencing October 13 and continuing through December 15, given by the Minister, Rev. Margaret M. Stevens. Monday night classes on Bible interpretation begin at 7:30 followed by an 8:30 p.m. class in "Working With The Law." Tuesday night classes commence at 7:30 p.m. on "Lessons In Truth." This class is designed for new students in Truth and is followed at 8:30 p.m. by an advanced study group on "The Healing Consciousness." Classes are open to the public.

New Auxiliary officers for the coming year were installed by Mr. Carl Hobson, President of the Board of Directors of the Hospital. Serving with Mrs. Russell Delahoe as President are: Mrs. Otto Anderson, Vice President; Mrs. Richard Law, Treasurer; Mrs. John Hosterman, Secretary; Mrs. W. E. Maxwell, Director. Honorary Life Member and Charter President, Mrs. Robert Summers was also present. An outstanding Hawaiian program was presented by Mrs. William Osman, Chairman. A Fashion Show depicting the history of the native dress, the "Mu" and the beautiful variations as worn today, was narrated by Mrs. Frances Kelly, representing United Air Lines. Native dances were performed by Mrs. Joanne Nicolas, who has danced for many women's groups in the area. The de-

Rev. Armin Hesse Announces His Sunday Sermon  
"It's the Spirit Behind It." will be the sermon theme of the Rev. Armin Hesse in the 10:30 Sunday morning worship service at Faith Lutheran Church, 845 Hastings Ranch Drive. His pulpit message will center on the Lord's parable concerning the guests invited to the wedding dinner as related in St. Luke 14:7-11.

The Sunday school and Bible classes will convene at 9:15, under the direction of Mr. Jerry Nielsen, the congregation's recently-enamined Minister of Education and Youth. The Sanctuary Adult Bible class will conclude the three-month study on "Theological Controversies in the Church Today."

At 12:30 p.m., the young people of the Walther League will leave from the church parking lot for a beach party.

Next Thursday afternoon the weekly sessions of the Children's Midweek Religious School for grades 1-6 will be inaugurated. Meeting from 4 to 5:30 on Thursday afternoons the school will be open to all elementary school children of the community.

Other parish events scheduled for next week include: Junior Choir for ages 9-15 on Tuesday night at 7:30; junior instruction classes for grades 7 & 8 on Wednesday afternoon from 4 to 5:30; Senior Choir on Thursday at 8; and the meeting of the Voting Assembly on Wednesday night at 7:30 in the parish hall.

### Local Delegation To Crusade

Some 200 people, as a special delegation from the Bethany Church of Sierra Madre will attend the Southern California Billy Graham Crusade in Anaheim Stadium, September 26 and October 4.

The group will journey by chartered bus to the home of the California Angels, with three buses on September 26 and five buses on October 4, (includes two buses for youth only).

They will join about 500 other delegations from throughout California and parts of Oregon, Nevada, Arizona and Utah that will attend the Crusade.

Breakfast clubs, civic organizations, travel clubs, retired folks groups, youth clubs, veteran groups, women's clubs, as well as hundreds of church delegations will be among those who will have special reserved seats in the massive sports complex for the Southern California Billy Graham Crusade.

All seats in Anaheim Stadium are free for the Crusade. Reserved seats are held until 15 minutes prior to the service (7:30 p.m. weekdays and Saturdays, 3 p.m. Sundays) while unreserved sections will be open to the general public on a "first come, first served" basis, according to crusade officials.

Reservations can be made for any of these buses by calling Bethany Church office, 355-1409.

SIERRA MADRE NEWS—13  
Thursday, Sept. 25, 1969

### Guest Sunday At Bethany Church

September 28 has been designated "Guest Sunday" in the total church program at Bethany Church of Sierra Madre.

"All too frequently," states Pastor Vander Zaag, "do we make a full and complete presentation of the claims of Jesus Christ in a united way through the church."

Guests are urged to hear this thorough presentation of the key reason for which Bethany Church exists in the community. Times for these services are 11 a.m. and 7 p.m. at 93 N. Baldwin Ave.

"With a Church School enrollment upwards of 1,000," Rev. Stanley Reed, minister of Christian Education, claims, "We must reach a regular attendance of 80 per cent in order to feel we are doing an effective job in outreach." Attendance has been climbing each Sunday in September. Sunday school convenes at 9:30 a.m. and there are classes for all ages.

### Cocktails Dinner For Husbands

Members and prospective members of the Sierra Madre Auxiliary of the Crippled Children's Guild will entertain their husbands at cocktails and dinner the evening of Saturday, September 27. The setting for this event will be the poolside and lovely home of Mr. and Mrs. Nick Argy in the hills of Bradbury.

The highlight of the evening will be an informal talk on the Orthopaedic Hospital Story, given by Mr. Dennis Jopling of the public relations department of the hospital.

Assisting Mrs. Edward Sevardian, membership chairman, will be Mrs. Thomas Omori, Mrs. James Nickoloff, and Mrs. G. Norman Kennedy.

# Editorially... Speaking

## One-Way Anger

In a letter to the editor of the Los Angeles Times, Robert H. Goodman of Canoga Park expresses the feelings of a great many Americans when he wonders why the tragic damage done to civilians in Vietnam is reprehensible to many of our liberal doves only when it happens to the enemy.

Goodman recalls "very vividly the violent reaction... to the inadvertent involvement of the fringes of civilian areas in the bombing of military targets in Hanoi and its environs." Now he suddenly realizes, he says, that "we have heard nothing from this segment of previously righteous indignation" in respect to the continuing terror bombings, slayings, maimings of South Vietnam civilians — many of them children — by the Viet Cong.

Where have these U.S. critics of U.S. actions gone? he asks.

Probably down their one-way street called Indignation.

## Up and Down

It is an odd twist to say that everything is on the up and up when so many people say that civilization is going to hades in a handbasket. But... population is up, crime is up, pollution is up, international tensions are up, costs are up.

Costs, indeed. A recent Insurance Economics Survey, for example, points out the hard fact that \$14,000 earned today is equal to \$5,000 earned in 1939 (even though those who don't trust anyone over 30 might question that unquestionable fact). What that figure means is that a family of four today needs nearly three times as much in purchasing power today to buy the same things it would have needed in 1939.

Since 1935, another source points out, the cost of living has gone up 183 per cent. And with a justifiable overtone of pride, that source also calls attention to the fact that typical Pacific Gas & Electric Company rates are down 13.9 per cent. BILLS are higher, yes... because we have more use for gas and electricity today, and taxes paid the cost; but rates are down.

It's nice to know that in some areas, we can go down the up staircase.

## A New Trunk Full!

The new United States Supreme Court opening a new term in October will face a trunk full of major issues which will profoundly affect the people of the nation — and it is a court which is expected to be more conservative than that headed by recently retired Chief Justice Earl Warren.

The replacement of Chief Justice Warren with Chief Justice Warren Burger and the nomination of Clement F. Haynsworth, Jr. to replace Justice Abe Fortas, legal observers state, should give the nation's highest court a conservative edge for the first time in a number of years. Both Burger and Haynsworth are said to tend toward a conservative or moderate view. The contention is that they are not court "activists" but of a mold to interpret the law rather than rewrite it. If that proves to be true — and no one knows or could know until they start voting on specific cases — then the court would have a moderate to conservative edge of five to four; and in many instances the four justices generally thought of as liberal don't stand as a bloc.

Court watchers rate as those who might be considered liberal: Justice Hugo L. Black, Justice William O. Douglas, Justice William J. Brennan, Jr., and Justice Thurgood Marshall.

Justices rated normally on the conservative side are Chief Justice Burger, Judge Haynsworth, Justice John M. Harlan, Justice Potter Stewart, and Justice Byron White.

An outline made by U.S. News & World Report of the major issues that will confront the new court when it convenes this fall makes clear the significance of the new court alignment.

Following are a few of the issues which will be up for decision:

The legality of wiretapping, "bugging" and electronic eavesdropping.

The limitations to be placed on police in terms of search and seizure for evidence.

The rules which will govern student demonstrators and others.

The question of whether the one man, one vote rule will be extended.

The court's decisions on these and other major cases will establish the way in which many of the issues will be resolved which are being so vigorously argued throughout the populace.

## The Lonely Ones

A provocative explanation of student dissent and violence has been offered by a Wake Forest psychologist, Dr. Rollo May. He says:

"By destructive behavior, many a child or adolescent has forced the group to notice him. To be actively hated is almost as good as to be actively liked; it breaks down the utterly unbearable situation of anonymity and aloneness."

Not only the young revolt against loneliness in the crowd. The militant minorities must have the same motivation. Mankind's crucial problem is one of his oldest; how to make our neighbor feel he is truly that.

## Bye, Bye Babe

Those who remember it aren't to be trusted by the young militants, of course, because it was 35 years ago that the Babe Ruth era really ended. On September 24, 1934 the Sultan of Swat played his last game as a Yankee regular in Yankee Stadium.

George Herman (those were his first two names, kids) went on to Boston for a somewhat sad windup, but it was in The House That Ruth Built that the era had its golden years. Today, with the World Series looming larger, two Californians and a former one are contending for the major league home run title. But San Francisco's Willie McCovey, Oakland's Reggie Jackson, and Washington's ex-Dodger Frank Howard are probably out of range now of the Babe's season record of 60. And only the Giants' Willie Mays at present has even a long distance shot at his lifetime total of 714.

Just as Roger Maris, with more games to do it in, surpassed Ruth's 60, someday someone may pass his grand total. But he'll have to do a lot more than that to pass the Babe's record as one of sport's most colorful, popular attractions.

## SENSING THE NEWS

AROUND THE U. S. CAPITOL

While it is important to give individual taxpayers relief from growing burdens, it also is necessary that the nation's lawmakers bear in mind the need for maintaining investment in the country's free enterprise system. Nothing could be more hurtful to the financial interests of all citizens than a drop in investment of capital in productivity enterprises that furnish jobs to working people.

Secretary of the Treasury David M. Kennedy clearly had this fact in mind when he proposed changes in the tax bill developed by the House of Representatives. Testifying at the Senate Finance Committee's public hearing on the House measure, Mr. Kennedy proposed that the House bill be changed to reduce corporate income tax rates by one percentage point in 1971, and by another in 1972. The Secretary maintained that redistribution of tax relief toward corporations is necessary because of the "bias in the bill against investment in favor of consumption."

Secretary Kennedy went on to observe that "such overweighing, embodied in the proposed treatment of capital gains as well as corporate tax increases, could impede economic growth in the years ahead by curtailing the incentive to make productive investments."

Liberal members of Congress are not likely to take kindly to Mr. Kennedy's proposal. They apparently feel that there is political mileage in soaking U. S. business. But informed citizens are aware of the tremendous importance of maintaining a high rate of investment. And investment is made only when there is an expectation of reasonable returns.

Current plans call for the return of large numbers of troops from the Far East. Most of these are young draftees who will leave military service on their return and start looking around for jobs. If they are to find jobs, industry must be expanded. The only way the nation's industrial plants are expanded is by investors putting more money into factories.

So if high employment is to continue in this country, the Senate Finance Committee will have to amend the House-passed tax bill to give free enterprise companies an adequate incentive to enlarge existing facilities and add new ones.

If industry lacks sufficient tax incentive, new investment will not be made on the necessary scale and job openings will not occur in the desired number. It's as simple as that. The alternative facing government will be to create jobs for government spending — to order make-work projects, or relief, that is. And no thinking American wants relief programs instead of productive employment in private industry.

Secretary of the Treasury Kennedy was on the right track, therefore, in dealing with this aspect of the tax bill. Unfortunately, he didn't go quite far enough in another area — the oil depletion allowance area.

The Nixon administration has decided not to oppose the House plan for reducing the depletion allowance from 27.5 per cent to 20 per cent. Recent events in the news underscore the danger of reducing an allowance that encourages development of new oil fields in this country.

The liberals in Congress believe they have an easy target in the oil depletion allowance and try to present it as a present for "economic royalists" to use the old Rooseveltian term. Actually, students of the oil situation around the world understand that the depletion allowance plays an important role in guaranteeing the United States adequate supplies of oil to power its industries and light its homes.

Only a short time ago a revolutionary socialist regime took over the North African country of Libya,

which is the seventh largest oil-producing nation in the world. U. S. companies have invested heavily in the Libyan oilfields. These fields are now endangered by the leftwing regime in power in Libya.

The United States and its allies may need to develop new oil fields in speedy manner. Exploration on Alaska's north slope is very promising, but oil companies have to invest vast sums in exploratory drilling. To bring out the oil to refineries will be extremely expensive. One company is spending \$40 million in trying to send a specially rebuilt tanker through the ice of the Northwest Passage. All this means that the oil industry needs adequate incentive to undertake risky new ventures essential to the country's well-being. The Senate Finance Committee should consider that fact and restore the full depletion allowance. The real beneficiaries in the long run are U. S. taxpayers who gain from a healthy, active oil industry.

## Out of the Cobwebs

Francis Ballard, of 451 West Central, corralled a 'mammoth' spider with a huge quantity of eggs just hatching, and brought it in to this office.

It was very interesting to learn that the "pickaninnies" of this Ethiopian heretofore cephalothorax are not black or even mulatto, and that they start learning the art of spinning almost as soon as they emerge from the egg. In fact, while this exhibit was left in the office over the weekend, some of the little cusses got out through the vent-holes and spun so many webs over the tennis trophies that the office looked like the old "parlor" in the backseat farm house. Pigs may be pigs but enough spiders is plenty. Our friends are urged to send all specimens collected from now on, to the zoo — or somewhere.

John Kennedy, young son of Mr. and Mrs. William Kennedy of 266 Wilson street, sent seven white Brahma Bantams to the County Fair at Pomona this week and was awarded four first and three second prizes. This is the fifth year that

John has entered his stock and he has been a blue ribbon winner every time.

Ten Years Ago:  
September 17, 1959

"Make It Hawaiian" is the theme of the Gordon Baker Lloyds' open house, 268 E. Sierra Madre Blvd. on Sept. 23 from 7:30 to 10 p.m. Hundreds who have visited the Lloyds' open house on Christmas have repeatedly asked to see the Hawaiian garden in the summer. So the Lloyds decided to go all out to their TV public and friends in inviting them to their own studio garden.

A new hostess representing local business and possible civic organizations may call on new area residents in the near future. The "Welcome Wagon," which had operated here for many years, was discontinued several months ago.

Dr. and Mrs. Rand Lewis of Mesa Moa Lane have just returned home from Denver, Colo., after a side trip to Estes Park. They were in Denver to attend the Western Cardiac Conference.

# FOOTHILL CABLE

# OH BOY!

My folks just hooked up  
with Foothill Cable T.V.

This will help my school  
work . . . and dad can be  
in a reserved seat for the  
World Series later on . . .

12 FABULOUS
